WHEREAS, Asian/ Pacific American Heritage Week was created by Jimmy Carter in 1979 at which time he stated in his proclamation that America's greatness, its ideals, its system of government, its economy, its people—derives from the contribution of peoples of many origins who come to our land seeking human liberties or economic opportunity. Further stating, Asian-Americans have played a significant role in the creation of a dynamic and pluralistic America, with their enormous contributions to our science, arts, industry, government, and commerce. Unfortunately, we have not always fully appreciated the talents and the contributions which Asian-Americans have brought to the United States. Until recently, our immigration and naturalization laws discriminated against them. They were also subjected to discrimination in education, housing, and employment. And during World War II our Japanese-American citizens were treated with suspicion and fear. Jimmy Carter declared the week beginning on May 4, 1979, as Asian/Pacific American Heritage Week. He called upon the people of the United States, especially the educational community, to observe this week with appropriate ceremonies and activities.; and

WHEREAS, over the next ten years, Presidents Carter, Reagan and Bush continued to issue proclamations in support of Asian/ Pacific American Heritage Week, later (1990) Congress passed Pub.L.101-283 revising Asian/ Pacific American Heritage Week to Asian/ Pacific American Heritage Month.; and

WHEREAS, the City of College Place, Washington includes a community of Asian Americans and Pacific Islanders who richly contribute to our community; and

WHEREAS, the City of College Place, Washington is committed to supporting Asian Americans and Pacific Islanders as they continue to grow and enrich our community; and

WHEREAS, the City of College Place, Washington can provide opportunities to enrich the lives of individuals of all peoples by:

- Involving and including AAPI (Asian American Pacific Islanders) members of our community
- Promoting inclusion and providing support for coexistence in the community
- Encouraging AAPI community members to speak up for themselves and others as well as encouraging the community speak up for the Asians and Pacific Islanders.
- Providing opportunities for AAPIs to share their experiences.
- Providing a safe environment, free of hate with a zero-tolerance hate, discrimination, racism policy in our City of College Place Public School System.
- Providing resources and support for those who are disproportionately affected by hate

NOW THEREFORE, I, Norma L. Hernández, Mayor of the City of College Place, Washington, do hereby proclaim

May 2021 to be Asian/ Pacific American Heritage Month

in the City of College Place, and urge every resident to take time during this month to acknowledge Asian /Pacific Americans as influential and valued individuals who greatly contribute to our community.

Given under my hand and seal as Mayor of the City of College Place, Washington, this 27th day of April, 2021.

Norma L. Hernández, Mayor

Expenditure Required:\$381,164.00 **Amount Budgeted:** \$0.00

Funds would be spent only if grant awarded.

Historical Perspective:

Sidewalk gaps in the core of the City have been a problem for a long time as pedestrians must use the roadway to walk. The areas lacking sidewalks are primarily concentrated around the College Avenue area.

Information for Consideration:

The State of Washington has released a call for projects for its Community Development Block Grant (CDBG) program. This program is competitive. Two census block groups qualify for CDBG funding. The block groups are primarily around the College Avenue corridor from Rose Street down to 13th Street. The qualifier is for at least 51% of the population in a given census block group to be low-moderate income. The accompanying maps show sidewalk gaps in the two census block groups. Staff developed prioritized sidewalk areas based on the following criteria:

- Connectivity
- Fully benefiting residents of qualifying block group
- Existence of partial sidewalks

Walla Walla University is in the process of donating the needed sidewalk right-of-way along SW 6th from SW Davis to SW Bade.

1.11 Procedures for Filling Vacated Positions

a. In the event of a vacancy on the Council or in the Office of Mayor, the City Clerk shall, within two weeks of the occurrence of such vacancy, publish a notice in the Walla Walla Union Bulletin notifying of such vacancy and soliciting written applications from qualified persons to fill such vacancy. The applications shall be accompanied by a written questionnaire to be completed by each applicant. Such notice shall be in a form acceptable to the City Administrator and the City Attorney.

b. Such notice shall establish a deadline for the submission of applications and answers to the questionnaires, which shall be no less than fifteen (15) days from the date the notice is published.

c. Once this deadline has passed, the City Clerk shall review each application to ensure that each applicant is a registered voter of the City at time of application, and has been a resident of the City for at least one year.

d. Once the Clerk has reviewed the applications to determine eligibility per the provisions of the preceding paragraph of this resolution, those applicants that are determined to be eligible shall be notified to appear before the Council to submit to an interview by the Council. Applicants will be asked to remain in the foyer when each separate applicant is interviewed, PROVIDED, HOWEVER, that the applicants as a group shall be advised that if anyone of them objects to this process, then they shall all be permitted to remain in Council Chambers for each interview conducted.

e. At the conclusion of all interviews the Council shall adjourn to executive session pursuant to RCW 43.30.110(1)(h) to evaluate the qualifications of the applicants, PROVIDED, HOWEVER, that final action appointing an applicant to office shall be in a meeting open to the public.

f. Upon completion of the Executive Session, Council shall return to open session and the Mayor or Mayor Pro Tem shall request nominations from Council Members, who may then nominate the applicants of their choice. A second shall be required for each nomination. Only those that submitted applications shall be eligible for nomination.

g. Council members shall then vote for the nominees of their choice. Absent members shall be permitted to vote by phone. The nominee with the majority of the votes cast is then selected to fill the vacancy. In the event of a tie, the Mayor may vote. If no candidate receives a majority vote, Council may adopt motions to enable it to complete the election by majority vote within a reasonable time.

PROCLAMATION

OFFICE OF THE MAYOR

WHEREAS, Asian/ Pacific American Heritage Week was created by Jimmy Carter in 1979 at which time he stated in his proclamation that America's greatness, its ideals, its system of government, its economy, its people-derives from the contribution of peoples of many origins who come to our land seeking human liberties or economic opportunity. Further stating, "Asian-Americans have played a significant role in the creation of a dynamic and pluralistic America, with their enormous contributions to our science, arts, industry, government, and commerce. Unfortunately, we have not always fully appreciated the talents and the contributions which Asian-Americans have brought to the United States. Until recently, our immigration and naturalization laws discriminated against them. They were also subjected to discrimination in education, housing, and employment. And during World War II our Japanese-American citizens were treated with suspicion and fear." Jimmy Carter declared the week beginning on May 4, 1979, as Asian/Pacific American Heritage Week. He called upon the people of the United States, especially the educational community, to observe this week with appropriate ceremonies and activities.; and

WHEREAS, over the next ten years, Presidents Carter, Reagan and Bush continued to issue proclamations in support of Asian/ Pacific American Heritage Week, later (1990) Congress passed Pub.L.101-283 revising "Asian/ Pacific American Heritage Week to "Asian/ Pacific American Heritage Month"; and

WHEREAS, the City of College Place, Washington includes a community of Asian Americans and Pacific Islanders who richly contribute to our community; and

WHEREAS, the City of College Place, Washington is committed to supporting Asian Americans and Pacific Islanders as they continue to grow and enrich our community; and

WHEREAS, the City of College Place, Washington can provide opportunities to enrich the lives of individuals of all peoples by:

- Involving and including AAPI (Asian American Pacific Islanders) members of our community
- Promoting inclusion and providing support for coexistence in the community
- Encouraging AAPI community members to speak up for themselves and others as well as encouraging the community speak up for the Asians and Pacific Islanders.
- Providing opportunities for AAPIs to share their experiences.
- Providing a safe environment, free of hate with a zero-tolerance hate, discrimination, racism policy in our City of College Place Public School System.
- Providing resources and support for those who are disproportionately affected by hate

The plan must include policies regarding the following control measures: PPE utilization; on-location physical distancing; hygiene; sanitation; symptom monitoring; incident reporting; location disinfection procedures; COVID-19 safety training; exposure response procedures and a post-exposure incident project-wide recovery plan.
5. Provide soap and running water at all business locations for frequent handwashing. Professional employee-service providers should be encouraged to leave their workstations to wash their hands regularly, before and after going to the bathroom, before and after eating, and after

coughing, sneezing or blowing their nose. Alcohol-based hand sanitizers that contain more than 60% ethanol or 70% isopropanol can also be used, but are not a replacement for the water requirement. Do NOT use methanol based sanitizers.

6. Post required hygienic practices in areas visible to all workers, which include:
 - Not touching the face with unwashed hands or with gloves;
 - Washing hands often with soap and water for at least 20 seconds;
 - Using hand sanitizer with at least 60% ethanol alcohol or 70% isopropanol;
 - Cleaning and disinfecting frequently-touched objects and surfaces such as workstations, keyboards, telephones, handrails, machines, shared tools, elevator control buttons, doors and doorknobs; and
 - Covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the U.S. Centers for Disease Control (CDC).
7. Provide disinfectants to professional employee-service providers throughout the workplace, and ensure cleaning supplies are frequently replenished.
8. Clean and disinfect frequently touched surfaces after each use, including reception areas, personal work stations, chairs, headrests and armrests, hand tools, other equipment, handrails, restrooms and breakrooms, and pens/pencils.
9. Adhere to social distancing requirements as outlined in this document. Professional employee-service providers should maintain six feet of space between desks/stations or have physical barriers between them when in use.
10. Increase ventilation rates where feasible. Evaluate ventilation and utilize U.V. filters with a higher MERV rating.
11. Ensure that tissues and trash cans are placed throughout the business.
12. Advise clients of new requirements when making professional service appointments:
 - Clients must self-screen for signs and symptoms of COVID-19 before arriving at the service provider location.
 - Clients must wear a cloth face covering when at the service provider location.
 - Clients should not bring other guests with them, unless they are bringing children who must be supervised.
 - Clients should advise professional employee-service providers via call, email, or text message that they have arrived at the location for the appointment, and are waiting for instructions to enter.
13. Post a notice at the front door or window regarding access to the facility for walk-in appointments at professional service provider establishments. Employer-owners should include the phone number that the guest should call to determine availability of services. If service is available at the time, the walk-up guest will need to answer questions regarding COVID-19 exposure and current health, and put on a face covering before entering the location.
14. **For off-site services**, professional employee-service providers and clients must wear the appropriate PPE and work one-on-one with clients. PPE should be disposed of or sanitized where

appropriate per the guidance above, such as disposing of disposable gloves after providing service for a client. Professional employee-service providers must adhere to social distancing requirements, maintaining at least six feet of distance from individuals who may be present at the off-site location.

COVID-19 Training

15. Train all on-site professional employee-service providers on the worksite's policies, the requirements in this document, and all COVID-19 appropriate safety-related requirements and guidance in the language they understand best.

Health/Symptoms for Professional Service Provider Employer-Owners and Professional Employee-Service Providers

16. Create a policy that requires professional employee-service providers to stay home or leave the worksite when feeling sick or when they have been in close contact with a confirmed positive case of COVID-19. If they develop symptoms of acute respiratory illness, they should seek medical attention and inform their employer.
17. Screen all professional employee-service providers at the beginning of their day by asking them if they have a fever, cough, shortness of breath, fatigue, muscle aches or new loss of taste or smell. If a professional employee-service provider has a family member with COVID-19, that individual must follow the isolation/quarantine requirements as established by the Department of Health. If a professional employee-service provider is confirmed to have COVID-19, employers or the individual should inform fellow workers of their possible exposure in the workplace, but maintain confidentiality as required by the Americans with Disabilities Act (ADA). The employer or individual should consult with the local health department and/or instruct fellow workers about how to proceed based on the CDC Public Health Recommendations for Community-Related Exposure.
18. Instruct professional employee-service providers to report to their supervisor or employer if they develop symptoms of COVID-19 (e.g., fever, cough, shortness of breath, fatigue, muscle aches, or new loss of taste or smell). If symptoms develop during a shift, the worker should be immediately sent home. If symptoms develop while the professional employee-service provider is not working, they should not return to work until they have been evaluated by a healthcare provider.
19. If a professional employee-service provider or client reports feeling sick and goes home, the area previously occupied by that person should be disinfected in accordance with CDC and Department of Health guidelines.

All professional service provider employer-owners must meet and maintain all the requirements in this document, including providing materials, schedules and equipment required to comply.

Safety and Health Requirements

All professional service providers and employer-owners have a general obligation to maintain a safe and healthy workplace in accordance with state and federal law and safety and health rules for a variety of workplace hazards. Employers must specifically ensure operations follow the main Labor & Industries COVID-19 requirements to protect workers. COVID-19 workplace and safety requirements can be found [here](#).

COVID-19 Workplace Safety and Health Requirements:

Governor's Proclamation Overview

On January 5, Gov. Jay Inslee announced the *Healthy Washington — Roadmap to Recovery Proclamation 20-25.12 et seq.* (www.coronavirus.wa.gov/what-you-need-know/safe-start) for Washington state to continue reopening some businesses safely and allow essential businesses to continue operating. In support of this effort, the Department of Labor & Industries (L&I) developed the following requirements to protect workers in those industries. These general safety and health requirements apply to all businesses operating, including essential businesses. They're in addition to any industry-specific requirements developed separately and will be updated as necessary.

All businesses operating must adopt a written procedure for employee safety and customer interaction that is at least as strict as these requirements and complies with the safety and health requirements below.

Safety and Health Requirements

All businesses have a general obligation to keep a safe and healthy work site in accordance with state and federal law and safety and health rules for a variety of workplace hazards. In addition, they must comply with the following COVID-19 work site-specific safety practices as outlined in the Governor's *Healthy Washington — Roadmap to Recovery Proclamation 20-25.12 et seq.*, and in accordance with L&I *General Requirements and Prevention Ideas for Workplaces* (www.Lni.wa.gov/go/F414-164-000) and the Washington State Department of Health Workplace and Employer Resources and Recommendations (www.doh.wa.gov/Coronavirus/workplace).

Employers must specifically ensure operations follow the main L&I COVID-19 requirements to protect workers, including:

- Educate workers in the language(s) they understand best about the coronavirus and how to prevent transmission, and the employer's COVID-19 policies.
- Maintain minimum six-foot separation between all employees (and customers) in all interactions at all times. When strict physical distancing is not feasible for a specific task, other prevention measures are required, such as use of barriers, minimizing staff or customers in narrow or enclosed areas, and staggering breaks and work shift starts.
- Provide (at no cost to employees) and require the wearing of personal protective equipment (PPE), such as gloves, goggles, face shields and face masks as appropriate or required for the work activity being performed. Cloth face coverings must be worn by every employee not working alone on the job site unless their exposure dictates a higher level of protection under L&I safety and health rules and guidance.
 - Exceptions to this requirement for cloth face coverings include when working alone in an office, vehicle, or at a job site; if the individual is deaf or hard of hearing and is communicating with someone who relies on language cues such as facial markers and expression and mouth movements as a part of communication; if the individual has a medical condition or disability that makes wearing a facial covering inappropriate; or when the job has no in-person interaction.

Cloth face coverings are described in the Department of Health guidance (www.doh.wa.gov/Portals/1/Documents/1600/coronavirus/ClothFacemasks.pdf).

- Ensure frequent and adequate hand washing with adequate maintenance of supplies. Use disposable gloves where safe and applicable to prevent virus transmission on tools or other items that are shared.
- Establish a housekeeping schedule that includes frequent cleaning and sanitizing with a particular emphasis on commonly touched surfaces.
- Screen employees for signs/symptoms of COVID-19 at the start of their shift. Make sure sick employees stay home or immediately go home if they feel or appear sick. Cordon off any areas where an employee with probable or confirmed COVID-19 illness worked, touched surfaces, etc. until the area and equipment is cleaned and sanitized. Follow the cleaning guidelines (www.cdc.gov/coronavirus/2019-ncov/community/clean-disinfect/index.html) set by the Centers for Disease Control to deep clean and sanitize.
- Post a sign at the entrance to the business that customers are required to wear a cloth face covering.

A site-specific COVID-19 supervisor shall be designated by the employer at each job site to monitor the health of employees and enforce the COVID-19 job site safety plan.

A worker may refuse to perform unsafe work, including hazards created by COVID-19. It is unlawful for an employer to take adverse action against a worker who has engaged in safety-protected activities under the law if the individual's work refusal meets certain requirements. Information is available in these publications: *Safety and Health Discrimination in the Workplace* brochure (www.Lni.wa.gov/go/F417-244-000) and Spanish *Safety and Health Discrimination in the Workplace* brochure (www.Lni.wa.gov/go/F417-244-999).

Employees who choose to remove themselves from a work site because they do not believe it is safe to work due to the risk of COVID-19 exposure

may have access to certain leave or unemployment benefits. Employers must provide high-risk individuals covered by Proclamation 20.46.2 with their choice of access to available employer-granted accrued leave or unemployment benefits if an alternative work arrangement is not feasible. Other employees may have access to unemployment benefits or access to other paid time off depending on the circumstances. Additional information is available at Novel Coronavirus Outbreak (COVID-19) Resources (www.Lni.wa.gov/agency/outreach/novel-coronavirus-outbreak-covid-19-resources) and Paid Leave under the Washington Family Care Act (www.Lni.wa.gov/CoronavirusPaidLeave).

No businesses, including all previously authorized and essential businesses, may operate until they can meet and maintain all the requirements in this document, including providing materials, schedules, and equipment required to comply. Additional considerations may be adopted, as appropriate.

All issues regarding worker safety and health are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH).

- Employers can request COVID-19 prevention advice and help from DOSH: www.Lni.wa.gov/DOSHConsultation.
- Employee workplace safety and health complaints may be submitted to the DOSH Call Center: 1-800-423-7233 or via email to adag235@Lni.wa.gov.

COUNCIL & ADVISORY COMMITTEE MEETING STATUS

Coronavirus (COVID-19) Governor's Proclamations and State Guidance

On this Page ▼

This page lists selected coronavirus (COVID-19) emergency proclamations issued by Governor Inslee that are relevant to government agencies in Washington State, as well as additional guidance documents from a variety of state agencies.

It is part of MRSC's [Coronavirus \(COVID-19\) Resources for Local Governments](#) series.

Note: These proclamations and resources have been selected by MRSC to address the most common issues faced by local governments during the COVID-19 crisis. For the complete list of Gov. Inslee's proclamations, see the governor's [Proclamations page](#). You can also access additional information regarding the state's response at coronavirus.wa.gov and the governor's [news releases](#).

- UPDATE ON OPMA & PRA RULES AS IT APPLIES TO MUNICIPALITIES UNDER GOVERNOR INSLEE'S HEALTHY WASHINGTON PLAN – LISA NEISSL: CITY CLERK.
- CITY CLERK IS WORKING CLOSELY WITH THE WASHINGTON ASSOCIATION OF MUNICIPAL CLERKS, M.R.S.C., AND THE ATTORNEY GENERALS OFFICE TO DETERMINE WHAT REQUIREMENTS NEED TO BE MET FOR AN IN-PERSON MEETING
- WE MUST HAVE AN APPROVED PLAN IN PLACE THAT RESOLVES ALL THE FOLLOWING CHALLENGES PRIOR TO IMPLEMENTING AN IN-PERSON ELEMENT TO O.P.M.A. MEETINGS.

COUNCIL & ADVISORY COMMITTEE MEETING STATUS CONTINUED – VENUE REQUIREMENTS

Phase 3 currently allows in-person business meetings provided the Miscellaneous Venues COVID-19 Requirements are met. Some of those are:

- Occupancy in each room/area is limited to **50%** capacity.
- Attendee move-in and move-out should be staggered to reduce gathering in groups.
- Adjust seating areas to ensure physical distancing is maintained.
- Everyone attending must wear a proper face covering and maintain six feet of physical distance between other persons.
- High touch areas must be cleaned frequently.
- Each meeting room must be properly cleaned and sanitized between uses.
- Mechanical ventilation systems need to be adjusted to bring in as much outside air as possible. Increase filters to MERV13 if the HVAC can accommodate.
- Keep doors and windows open where possible and utilize fans to improve ventilation.
- At least one COVID-19 Program Supervisor shall be present at each location during every event to ensure masking and social distancing practices are enforced and practiced by all event attendees.

No venue may operate until it can meet and maintain all the requirements in the Miscellaneous Venues COVID-19 Requirements document, including providing materials, schedules and equipment required to comply.

COUNCIL & ADVISORY COMMITTEE MEETING STATUS CONTINUED – OPMA REQUIREMENTS

Provided we are able to comply with the Miscellaneous Venues COVID-19 Requirements, some OPMA challenges need to be met such as:

- Provide a physical location for public:
 - Any person wishing to attend in person a public meeting with an in-person component must be able to do so at a physical location meeting the requirements, either in a primary meeting location or an overflow physical location that provides the ability for all persons attending the meeting to hear each other at the same time.
- Stop meeting if out of compliance at any time, at any location:
 - If at any time during a public meeting the in-person component cannot comply with each of the requirements, the public meeting (to include the telephonic/remote access portions) must be recessed until compliance is restored, or if compliance cannot be restored then adjourned, continued, or otherwise terminated.
- Allow for public participation:
 - The public agency holding an in-person public meeting shall accommodate, to the extent practicable, those wishing to participate in and/or attend the public meeting (to include the press) by allowing persons to attend the meeting by listening and speaking through operable telecommunications devices (examples include using an attendee's cell phone with service to connect to a conference calling service, or allowing persons to call in using an attendee's cell phone with service. (Public Comment, Public Hearing, etc.)

COUNCIL & ADVISORY COMMITTEE IN-PERSON MEETING CHALLENGES

Physical Room Space Challenges:

- 50% capacity of chambers is 36 – IF WE HAD SPACE TO MAINTAIN 6' DISTANCE
- However maintaining 6' distance further reduces this number.
- Only other large meeting space (Fire Department) is not available to use during COVID-19.
- Would need to locate overflow space with adequate AV systems to meet requirements.

Audio Visual Challenges:

- Current audio system in chambers does not integrate into Zoom and causes audio interference.
- Staff is currently looking into using Recovery Act funding for a renovation of the Council Chambers that would include AV systems compatible with the new requirement to include a virtual participation element to our meetings.
 - This will not be a quick fix.

COUNCIL & ADVISORY COMMITTEE IN-PERSON MEETING CHALLENGES CONTINUED

Sanitation / COVID Compliance / Staffing Challenges:

- Rooms would need to be sanitized between each meeting.
- If public is commenting, podium area would need to be sanitized between each speaker. – Public hearing, public comment, etc.
- The COVID Supervisor, Clerk, or Mayor would be required to stop the meeting if someone refused to wear the mask, keep their distance, or maximum capacity is exceeded.
 - Need to decide how the masking and distance requirements will be enforced.
- Staff would need to ensure everyone entering completed the health self assessment and signed in for contact tracing purposes.

COUNCIL & ADVISORY COMMITTEE IN-PERSON MEETING CHALLENGES CONTINUED

OPMA Violation Consequences:

- Monetary penalty for each member - \$500 first violation / \$1,000 each successive violation
- Any action taken in meeting is null and void
 - Void Ordinances & Resolutions
 - Void Contracts
 - Void Grant Applications & Funding Agreements
- Person challenging meeting receives all costs incurred including reasonable attorneys' fees
- Potential sufficient legal basis for recall effort against local elected official
- Costs may not be covered by insurance carrier if determined violation was knowingly committed
- Erosion of public trust – Impossible to quantify this consequence.

Staff is exploring options. We just want you to be aware of some of the many challenges we are faced with.

Please be patient as we work through the possibilities. We miss you too!

THANK YOU!

Resolution with Certifications of Compliance Instructions

The applicant's local legislative body must pass a resolution authorizing the chief administrative official to submit the CDBG application to the state Department of Commerce and certifying compliance with state and federal laws and specific program requirements. For the current CDBG contract terms and conditions contact CDBG staff.

Download this resolution from the *Library Tab* and insert the local and project specific information as indicated. This resolution may be reformatted to meet the local government's requirements for official resolutions. Do not change the wording of the clauses without prior approval from the CDBG staff.

Amount Requested

The CDBG amount you list in the resolution must not be less than the actual CDBG amount requested in the application budget. It is recommended this resolution be adopted after the CDBG amount to be requested is finalized.

Greenhouse Gas Emission Policy

Competitive state infrastructure funding programs must take into consideration the reduction of Greenhouse emissions in the selection process (RCW 70.235.070). An [example Greenhouse Gas Emissions Reduction Policy](#) is located on the [CDBG website](#) under Guidance Materials.

Projects that are **not capital construction** can choose to take out this greenhouse gas emission clause from the certifications template: "Has adopted or will adopt a policy(s) to reduce greenhouse gas emissions in accordance with RCW 70.235.070 and certifies this project will adhere to this policy(s)."

Designated Applicant Representative

Along with the chief administrative official, the resolution can designate another authorized representative of the applicant jurisdiction to act in all official matters in connection with this CDBG application.

Signature

The resolution must be signed by the authorized chief administrative official and the signed copy must be uploaded with the application. The chief administrative official is the mayor, county commission chair, county administrator or city manager.

Next Steps if Funded

If funded, Commerce will collect the following documents prior to executing a CDBG contract:

1. Residential Anti-Displacement and Relocation Assistance Plan
2. Excessive Force Policy
3. Greenhouse Gas Emissions Reduction Policy (if applicable)

Samples of these documents are available on the CDBG website or upon request.

A resolution that references a project other than the one proposed in this application will not be accepted. Using a version of the Certifications of Compliance from a prior year CDBG application may not be accepted, since new clauses may have been added to this current version that apply to the proposed project.

If submitting multiple applications (i.e., construction **and** planning) a separate Resolution with Certifications is required for each application/grant type.

RE: 2020 Sidewalks Project – Bids Results

Dear Paul:

This letter describes the bid results from March 23, 2021 for the 2020 Sidewalks Project.

Bid Results from March 23, 2021

Bids for the project were received and opened at Anderson Perry & Associates, Inc., on March 23, 2021 at 2:00 p.m. The City received three bids from the following bidders:

1. Nelson Construction Corp.
2. Eastern Oregon Contracting, LLC
3. ESF Solutions, LLC

All bids were opened and read. After the bid opening, the bids were reviewed again, and the Bidder Responsibility Criteria pursuant to the Revised Code of Washington 39.04.010 was examined with respect to the lowest bidder (see attached).

After the bid opening, we entered the bid prices into a Microsoft Excel spreadsheet to check the price extensions and verify that the total bid amounts read matched the amounts written on each bid. One error was found on the bid from ESF Solutions, LLC. The base bid total on ESF Solution LLC's bid was shown as \$203,762.00, the actual total base bid is \$215,750.00. A copy of the Bid Tabulation, which shows the bidders' prices and costs for each individual bid item, is attached.

The base bid totals ranged from \$177,088.49 to \$215,750.00. The Engineer's Estimate for the base bid was \$180,010.00. The apparent low bidder is Nelson Construction Corp. Their bid was \$2,921.51 lower than the Engineer's Estimate. The three bids were close with a difference of approximately \$39,000.

Summary

From our review of the bids, we recommend the City of College Place consider awarding the 2020 Sidewalks Project to Nelson Construction Corp., contingent upon approval from the City's Attorney.

Please contact me if you have any questions.

Mike,

I want to start with the caveat of I have not delved deeply into the streets in question or reviewed them directly so my estimate below, by necessity, is somewhat crude and blunt force but, I believe, reasonable. We previously performed preliminary design on approximately 3500 LF of streets in College Place for a design fee of \$32,500. We wrote the report for an additional \$11,200 (this included significant space outlining our methodology in developing the GIS database so a report for just the preliminary design portion should not be as significant).

The streets you are proposing below total almost 5000 LF. If we simply prorate the previous fee to account for the additional LF, the fee would be \$46,400. Applying some economies of scale and lessons learned. I would think a reasonable fee would be about \$41,000.

The report should be less complicated than the previous one and I would anticipate the fee for it being under \$5000. If you are writing a grant, it would seem reasonable to shoot for about \$50,000 to do preliminary design on that amount of street footage based on our previous experience for the City of College Place.

Please let me know if you have any questions.

Sounds good. I'll get it to you by Friday.

Will this be for the same level of "preliminary engineering" we provided for the streets associated with the last sidewalk project we did with you?

Hi,

I am thinking of writing up another Safe Routes grant to get some more preliminary engineering work done on sidewalks. How much do you think it would cost to get the following segments preliminarily engineered:

- NE Ash Street (west side of roadway between Whitman and A Street) – 6 foot segment
- SE Birch Avenue (east side of roadway between 2nd and 4th) – 6 foot segment
- SE Birch Avenue (west side of roadway between 4th and 12th) – 6 foot segment
- SE Central Avenue (east side of roadway between 12th and Valley Drive) – 6 foot segment

Thanks.
