Subject :	2.05 AB 22017 - DRS Excess Compensation Billing - Ms. Doering
Meeting :	Jan 25, 2022 - Electronic City Council Meeting
Category :	2. Consent Agenda.
Access :	Public
Type :	Action (Consent)
Fiscal Impact :	Yes
Dollar Amount :	\$32,019.84
Recommended Action :	Motion to approve a payment of \$32,019.84 to the DRS for the excess compensation charges.

Public Content

Historical Perspective:

It has been City policy for some time to cash out 120 hours of sick leave when an employee retires if they have completed ten years of service with the City of College Place.

Information for Consideration:

The Washington State Department of Retirement policy for PERS 1 employees allows the DRS to use leave cash outs, such as sick leave and annual leave, that fall within their highest 24 month average final compensation (AFC) period in the calculation of the retirement benefit. The City is then responsible for the present value at the time of the employee's retirement of the total estimated cost of all present and future benefits from the retirement system attributable to the excess compensation.

This should not be a concern moving forward as we no longer have any employees in the PERS 1 system.

Meeting : Jan 25, 2022 - Electronic City Council Meeting
Category : 6. Action Items.
Access : Public
Type : Action
Preferred Date : Jan 25, 2022
Fiscal Impact : Yes
Dollar Amount : \$71,424.00
Budgeted : Yes

Recommended Action :

Motion to approve Resolution No. 22-003 which authorizes City Administrator to sign the McKinstry Investment Grade Audit Agreement for City Facilities.

Public Content

Historical Perspective:

The City had a RSQ for ESCO Services back in September 2018. The ESCO Contract was awarded to McKinstry via RSQ process at this time.

Information for Consideration:

Following the ESCO procurement method, the City can work through McKinstry as a Design/Build firm. They do the engineering/mechanical design as well as construction. McKinstry guarantees energy savings and if projects don't meet the certified savings they make up the difference. Over the next several years in the 2022 to 2027 Capital Facility Plan (Ordinance #21-018) several facility projects are identified in it. In order to follow the ESCO method, a Investment Grade Audit needs to be performed to identify energy savings. McKinstry also helps write grants and obtain various funding to make projects become reality. The estimated cost of the IGA is \$71,424. We would pay the \$71,424 if the City decided not to go forward with any of the projects. As long as the City goes forward with the projects, the IGA cost gets wrapped into the general project costs. This concept was presented to the Utilities & Transportation Advisory Commission during its August 2021 meeting.

Subject :	6.02 AB 22021 - DOJ Regional Drug Task Force Participation - Ms. Culwell & Chief Tomaras
Meeting :	Jan 25, 2022 - Electronic City Council Meeting
Category :	6. Action Items.
Access :	Public
Type :	Action
Preferred Date :	Jan 25, 2022
Fiscal Impact :	Yes
Dollar Amount :	\$112,500.00
Budgeted :	No
Budget Source :	\$80,000 will be reimbursed by the task force grant. The balance of \$32,500 will come out of the Current Expense police budget for 2022.

Recommended Action :

Motion to approve Resolution No. 21-004 approving City of College Place participation pertaining to Department of Justice grant to establish a regional drug task force.

Public Content

Historical Perspective:

Walla Walla and Columbia counties have never had sufficient and sustained federal funding to combat mid to upper level criminal drug and gang activity. Benton, Franklin, and Asotin counties are federally designated High Intensity Drug Trafficking Areas (HIDTA), receiving significant federal funding to combat drug offenses. In addition, Umatilla county and Idaho bordering county of Nez Perce are HIDTA counties. The Walla Walla /Columbia counties area has become known as a "safe zone" for drug and gang activity due to lack of organized sustained law enforcement focused on combatting mid to upper level drug and gang criminal activity.

Information for Consideration:

The City of Walla Walla applied for and received a federal Department of Justice grant in the amount of \$444,000 to form, train, equip and support a drug and gang task force for Walla Walla and Columbia counties. The participating agencies are: City of Walla Walla, Columbia County, Walla Walla Sheriff's Office, and Washington state Department of Corrections. The City of Walla Walla is the administrative agency. The proposal would fund the salary of a full time law enforcement officer dedicated to the task force. The grant does not cover any initial training and education, standard equipment or benefits. The funded position would be a newly created position in CPPD. Walla Walla is dedicating five officers (not adding any positions), WWCSO and DOC are dedicating one officer each, and Columbia County is adding at least one new position with the grant funding. The proposed new position would work solely on task force activities and would operate in both Walla Walla and Columbia counties. Any assets seized by the task force or as a result of task force activity would be held in a task force fund to fund task force activity. The grant requires detailed reporting, which should provide information about the task force's effectiveness.

DRSN 98-001, Changes to Excess Compensation Definition

DRS NOTICE

- **Notice No.:** 98-001
 - **Date:** February 27, 1998
 - **Applies to:** All Employers
 - **Subject:** Changes to Excess Compensation Definition
-

Background

The excess compensation statute, Revised Code of Washington (RCW) 41.50.150, was amended by House Bill 1102 (Chapter 221, Laws of 1997) effective July 27, 1997. Changes regarding excess compensation apply to members of Public Employees' Retirement System (PERS), Teachers' Retirement System (TRS), Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) and the Washington State Patrol Retirement System (WSPRS).

The amendment narrowed the scope of the law by limiting excess compensation to the types of payments specifically listed in the statute. The information in this notice supersedes Department of Retirement Systems (DRS) Notice 95-010, which described 1995 changes to excess compensation under RCW 41.50.150.

Excess Compensation Defined

Excess compensation consists of specific types of reportable compensation, when the payment increases the members retirement allowance. If payment included in a retiree's retirement allowance calculation qualifies as excess compensation, then the applicable employer is responsible for the resulting trust fund liability. The employer is liable for the total estimated cost of all present and future retirement benefits attributable to the excess compensation. For further information regarding how a retirement allowance is calculated, refer to the appropriate member handbooks.

Excess compensation includes the following payments, when used in the calculation of the member's retirement allowance:

- A cashout of more than 240 hours of annual leave;
- A cashout of any other form of leave ;
- A cashout in lieu of the accrual of annual leave;
- Any payment added to salary or wages, concurrent with a reduction of annual leave.
- Any payment that exceeds twice the regular daily or hourly rate of pay;

- A payment for, or in lieu of, any personal expenses or transportation allowance, to the extent that the payment qualifies as reportable compensation in the member's retirement system; or
- Any termination or severance payment.

Refer to RCW 41.50.150 for specific language. These payment types are discussed in more detail below.

What is Leave Cashout?

A leave cashout is any compensation added to wages or salary that is paid along with a reduction of the employee's leave balance. Annual leave cashouts are reportable only for members of PERS Plan 1, TRS Plan 1 and WSPRS.

The following leave cashouts will result in an excess compensation invoice to the applicable employer if the cashouts increase a member's retirement allowance:

- A cashout for more than 240 hours of annual leave.
- Annual leave is leave provided by an employer for the purpose of vacation. Annual leave does not include leave for illness, personal business (if in addition to, and different from, vacation leave) or other paid time off from work. The one exception is when an employer authorizes only one type of leave to provide paid leave for vacation and illness, as well as any other excused absence from work. In this situation, the multi-purpose leave will be considered annual leave and will only be considered excess compensation if it exceeds 240 hours.
- A cashout of any other form of leave, such as sick leave, regardless of amount.
- In characterizing leave cashouts, DRS will disregard any conversion of leave by an employer from one form to another and will consider the leave to be what it was when originally earned. If compensation for the original form of leave falls under the definition of excess compensation, the employer will be responsible for paying the resulting excess compensation invoice. Sick leave cashouts are reportable for PERS Plan 1 and TRS Plan 1 members. Sick leave cashouts for a state agency or an education employer are not reportable compensation.
- Any payment added to salary or wages in lieu of accrued leave.
- An employee reaches his or her maximum leave balance. Instead of accruing leave, the employee is paid the equivalent of the leave he or she would have earned. This is considered a leave cashout and is considered excess compensation if the total leave cashout exceeds 240 hours in his or her average final compensation (AFC) period.

Payments for Additional Time Worked

Following is an example in which a payment for additional time qualifies as excess compensation:

Example:

A one month project is assigned to a current employee and the rate of pay is three times the employee's regular rate of pay. The amount of pay that exceeds twice the regular rate of pay would be considered excess compensation if used to increase the member's retirement allowance.

Following is an example in which a payment for additional time does not qualify as excess compensation:

Example:

An employer's policy grants Presidents' Day as a paid holiday for all employees. Due to an emergency, an employee is called to work on Presidents' Day and works a full shift. The employee receives two and one-half times the regular rate for working on that day; e.g., one day's pay for the holiday, and time and one-half for the overtime hours worked. Because the pay for the holiday is for regularly scheduled time, that portion of the day's compensation is not overtime; the employee's actual overtime rate is time and one-half. In this example, none of the pay received by the employee for working on Presidents' Day would be excess compensation.

If the employee's regular salary is not expressed in terms of a daily or hourly rate, DRS will divide the employee's regular annual or monthly salary by the number of regularly scheduled work days or hours in the work year or month. In calculating the number of regularly scheduled work days or hours in a work year, DRS will include all paid holidays and paid leave days, excluding days cashed out.

Can Vehicle Allowances Be Excess Compensation?

Generally, a vehicle allowance is not reportable compensation. A vehicle allowance is sometimes paid to an employee in place of mileage reimbursements for using a personal vehicle while providing services to an employer. Because the payment is a reimbursement rather than salary, it is not a payment for services rendered and is not reportable.

However, if the employer keeps records that demonstrate that the vehicle allowance exceeded the employee's actual expenses, the portion of the allowance that exceeds actual expenses is reportable. The reportable expense would be excess compensation if it was paid during the compensation period used to calculate the retirement benefit. Refer to WAC 415-108-480 for PERS and WAC 415-112-41301 for TRS.

Does Severance Pay Qualify?

Severance pay may or may not qualify as reportable compensation, depending on whether it was earned for services rendered. Severance pay is reportable only for members of PERS Plan 1, TRS Plan 1 and WSPRS. If severance pay qualifies as reportable compensation, and the member's retirement allowance is increased, it will result in an excess compensation invoice to the applicable employer.

Reportable:

Severance pay must be earned over time in the same manner as annual leave or sick leave in order to be reportable compensation for services previously rendered. Severance pay is earned over time if the employment contract(s) entered into at the beginning of the period of employment specifies the amount of severance pay to be earned in the coming year in consideration for services rendered.

Example:

Mr. Jones is a school administrator. Since the beginning of his term of employment with the district, his contract has specified that he will earn one week of severance pay for every year of his employment. The earned severance pay will be paid at the time of his separation. His severance pay is reportable compensation. When Mr. Jones retires, the two weeks severance pay he earned during his two highest paid years (i.e., one week per year for two years) will be included in his retirement calculation and considered excess compensation.

Not Reportable:

Severance pay that is not earned over time is not earned for services rendered and is not reportable. Because such payments are not reportable compensation, they are not excess compensation. An example of severance pay not earned over time is a payment negotiated as part of a termination agreement.

When to Notify the Public About Excess Compensation

When a PERS or TRS employer proposes to enter into a contract with an employee or group of employees that may result in an excess compensation billing, the employer must identify the compensation provision and the potential cost for excess compensation at an open public meeting. This notification may be part of the approval process for adopting a contract in whole and need not take place in separate or additional open public meetings. This requirement became effective July 23, 1995; refer to RCW 41.50.152.

At the public meeting, the employer must provide the following information:

- Full disclosure of the nature of the proposed compensation provision. This would include an explanation of the pay provision and the services the employee is being compensated for.
- An estimate of the cost of the excess compensation billing that the employer would have to pay as a result of the proposed compensation provision. On request, DRS will provide information on how employers can develop the estimate.

When DRS bills the employer for the excess compensation, the employer must notify DRS of its compliance with the public notice requirement.

RCW 41.50.150**Retirement benefits based on excess compensation—Employer liable for extra retirement costs.**

(1) The employer of any employee whose retirement benefits are based in part on excess compensation, as defined in this section, shall, upon receipt of a billing from the department, pay into the appropriate retirement system the present value at the time of the employee's retirement of the total estimated cost of all present and future benefits from the retirement system attributable to the excess compensation. The state actuary shall determine the estimated cost using the same method and procedure as is used in preparing fiscal note costs for the legislature. However, the director may in the director's discretion decline to bill the employer if the amount due is less than fifty dollars. Accounts unsettled within thirty days of the receipt of the billing shall be assessed an interest penalty of one percent of the amount due for each month or fraction thereof beyond the original thirty-day period.

(2) "Excess compensation," as used in this section, includes the following payments, if used in the calculation of the employee's retirement allowance:

(a) A cash out of unused annual leave in excess of two hundred forty hours of such leave. "Cash out" for purposes of this subsection means:

(i) Any payment in lieu of an accrual of annual leave; or
(ii) Any payment added to salary or wages, concurrent with a reduction of annual leave;

(b) A cash out of any other form of leave;

(c) A payment for, or in lieu of, any personal expense or transportation allowance to the extent that payment qualifies as reportable compensation in the member's retirement system;

(d) The portion of any payment, including overtime payments, that exceeds twice the regular daily or hourly rate of pay; and

(e) Any termination or severance payment.

(3) This section applies to the retirement systems listed in RCW **41.50.030** and to retirements occurring on or after March 15, 1984. Nothing in this section is intended to amend or determine the meaning of any definition in chapter **2.10**, 2.12, 41.26, 41.32, 41.40, 41.35, 41.37, or **43.43** RCW or to determine in any manner what payments are includable in the calculation of a retirement allowance under such chapters.

(4) An employer is not relieved of liability under this section because of the death of any person either before or after the billing from the department.

College Place Public Schools 2022 Educational Programs & Operations (EP&O) Levy

Your 2022 Local Educational Replacement Levy

College Place Public Schools (CPPS) has a 4-year Educational Programs & Operations, or EP&O, Levy on the February 8, 2022 ballot. A levy is a locally-approved tax based on property values.

The EP&O Levy in College Place is used **to continue current staffing and essential programs in our schools** that are not fully funded by the State.

The proposed 2022 EP&O Levy combines the district's existing Technology & Safety and Transportation levies into a single, 4-year levy at a maximum of \$2.50. The EP&O Levy rate is **\$0.10 lower than the current overall rate** of \$2.60 paid by College Place residents and last approved by College Place voters in February 2018. **The 2022 EP&O levy replaces the 2018 levy and is not a new tax.**

Facts and Figures

The total collection amount for the proposed levy will be \$18.9 million, which will be collected over four years (2023-2026).

The proposed levy rate is **\$2.50*** per \$1,000 assessed value

** Note: the total EP&O Levy tax rate will not be higher than \$2.50. It may be collected at a lower rate.*

What does the 2022 EP&O Levy fund?

- Classroom para-educators
- Nurses and medical para-educators
- Counselors
- Social and emotional learning
- 1:1 Technology devices
- Transportation
- Special education services
- STEM
- Smaller class sizes

- Athletics
- Extra-curricular activities and clubs
- Intervention programs
- Mental health support
- Vocational programs
- School Resource Officer

- The arts: band, choir, and drama
- Electives
- Intervention services and staffing
- Utilities, maintenance, and operations
- And more!

The College Place community is continuing to grow at a steady rate of .76% and has averaged over \$25 million in new construction alone each of the past five years. Community growth means our schools' student enrollment also is

growing. Over a 5-year period, our student enrollment has grown by almost 33%. Levy dollars help continue vital school programs and offerings to serve all CPPS students.

Planning for the Future

Educational Programs & Operations Levy February 2022

The CPPS school board is placing an Educational Programs & Operations, or EP&O Levy on the February 8, 2022 ballot for local voter approval.

What is It?

- Levies are **FOR LEARNING**
- The **REPLACEMENT Educational Programs & Operations Levy** provides funding for the educational experiences *our community expects and supports*.
 - It replaces the 2018 M & O Levy and Technology & Safety Levy, and the 2020 Transportation Levy
- Local levy dollars do **NOT** go to the state - they **STAY** in the community.
- The **Educational Programs & Operations Levy** is a replacement of a local tax our community has supported for decades. It is **NOT** a new tax.
- School Levies require a simple majority (50% + 1) approval

What Does the EP&O Levy Provide?

- Smaller class sizes—Currently 18:1
- Nursing Staff
- Classroom paraeducators
- Counselors
- Social and emotional learning
- 1:1 Technology devices
- Transportation
- Reading, music, and PE
- Extra-curricular activities and clubs
- Athletics
- The arts: band, choir, and drama
- School Resource Officer
- Utilities, maintenance, and operations

Why Only One Levy?

- In 2018 CPPS ran three levies to address new state laws that limited collection rates creating issues for addressing our needs
- The laws have reverted to similar to how they were prior to 2018 making it most prudent to only run one measure
- By running a single EP&O Levy the district will gain **flexibility** to address staffing, maintenance, and program needs in all areas within the approved levy for the next four years.

Why Do We Need Levy Dollars?

- State & Federal funds only provide 88% of operating dollars. This Levy provides the other needed 12%
- College Place is growing! (1.5% Annually)
- College Place has averaged \$25M in new growth each of the last five years
- CPPS has averaged 5.8% enrollment growth from 2015-2020
- Allows us to maintain and enhance programs and services

What is the Proposed Rate?

- The proposed levy rate is **\$2.50*** per \$1,000 assessed value
 - *Note: the total tax rate will not be higher than \$2.50. It may be collected at a lower rate.*
- Total collection amount for the proposed levy will be \$18.9 million, which will be collected over four years (2023-2026)
- The current, expiring Tech & Safety and Transportation levies have a combined tax rate of \$2.60/\$1,000; The new levy is \$.10 lower than the current overall rate.

When Do I Begin Paying for the proposed Levy?

Focusing on Kids
and Their Learning

- The cost will spread out over the years **2023-2026**
- As College Place continues to grow, the total collection amount gets spread out across new homes and businesses, reducing tax rates for individuals.

Burger King may come to College Place

Groundbreaking held for Goodwill

Over 60% of voters approved our last Educational Programs and Operations (EP&O) Levy in 2018.

This Levy funds programs outside of basic education, including smaller class sizes, electives, Chromebooks for each student, athletics, the arts, activities, counselors, classified staff such as paraeducators and custodians, field trips, our school SRO, and transportation.

Questions?

Thank You for Voting February 8, 2022!

City of College Place Council Position 1 Candidate Packet

Name: Nadine Stecklein

PH # [REDACTED]

Email: npbarragan@gmail.com

Physical Address: 338 SE Highand Park Drive How Long? 3 years

The City of College Place has one vacancy on the City Council for Position No. 1 with the appointment expiring on December 31, 2023; and the position being on the ballot for a two-year term during the 2023 election cycle.

To be eligible, candidates must be a registered voter of the City at the time of filing his or her declaration of candidacy, and have been a resident of the City for a period of at least one year immediately prior to their date of application.

Those interested in this position need to submit a letter of interest, a resume, and a completed questionnaire to the City of College Place City Clerk at clerk@cpwa.us or by mail (or in person) at 625 S College Avenue, College Place, WA 99324. by 4:00 p.m. PST on Monday, January 17th, 2022.
For questions, contact the City Clerk at 509-394-8511.

Questionnaire:

Please provide a written response to the following questions:

1. Have you previously served on a governing board of any type, or as a leader in any organization?

I currently chair the Diversity Inclusion Advisory Board. I previously served on the Utilities and Transportation Advisory Commission for College Place. I am the president of the College Place Lions Club. At Walla Walla Community College I am the co-chair for the Hispanic Caucus and a member of the Governance Council. I also serve on the Blue Zone Project Walla Walla's Engagement Committee. I was a charter member and secretary of the Walla Walla Valley Hispanic Lions Club and a member of the Walla Walla Latino Alliance. I am a board member of COCOA, Color Our Community On Awareness, which amplifies the voices and culture of our local BIPOC (Black, Indigenous and People of Color) community. I was also a member of the Walla Walla Chief of Police's Advisory Board.

2. What do you believe are the three (3) greatest strengths of the City of College Place?

The knowledge and passion of the individuals that serve the City of College place is one of the greatest strengths. The City Administrator, Mayor, City Council, Police Chief value input and feedback from residents and community members. Community leaders are invited to the table when large decisions are being made, for example the renovation of Lions Park.

My favorite part about living in College Place is the strength in the sense of community. I believe that is our greatest strength. I have never lived in a place where my neighbors checked on each other and truly cared about the safety and well being of one another.

In addition to the close knit community, another strength of College Place is our safe neighborhoods. I feel comfortable enough to walk my dog whether it be day or night. The streets are well lit, and of course the dedicated Police Department is out and about making sure we are all right. I've never lived in a town where Police officers waved and smiled more than they gave out traffic violations.

3. What do you view as the three (3) most significant challenges facing the City?

More than half the city is without sidewalks. Infrastructure is an area of growth that the city is working on. Some existing sidewalks are also hazardous, especially for individuals like my husband that are visually impaired. My husband enjoys riding his bike, but he does not always feel safe doing so. Since he has low vision, he often uses the sidewalks as a way to safely get from one place to another on his bike. I have participated in a few discussions, including the Blue Zones project, that might provide some solution. I am hopeful that the walkability can be increased in the near future.

College Place does not have a formal youth recreation program. Youth engagement is vital to a growing city. We do not have a building where teens can meet up after school. Partnering with local nonprofits to provide extra-curricular activities and opportunities for our middle and high school aged youth would be a great start.

Another challenge, and one of the issues I am most passionate about, is the lack of a downtown area to College Place. An area where friends, neighbors, and guests can enjoy a cup of coffee or grab a bite to eat. I am a big proponent and supporter of small businesses. I believe that supporting our local small business by providing the resources they need to be successful is important. Promoting the importance of and encouraging residents to shop, eat and play in College Place can provide some help for our current businesses.

City of College Place Council Position 1 Candidate Packet

4. Does your interest in serving on the City Council stem from a personal interest or goal? Is there something in particular you hope to accomplish while serving on the City Council, and why is serving on the Council important to you? *Please elaborate.*

Being on the City Council has been my personal goal. Soon after my husband and I decided to make College Place our home, I decided it was important to learn about the community and attend local events. As I learned more about the city, I knew that I wanted to serve in a greater capacity. My husband, Zach is currently a basketball coach at College Place High. My main reason for wanting to be on City Council is to bring the voice of individuals in our community that may not always be heard. I want to encourage those who have not attended a College Place City event, to do so.

5. The City is operating under a recently updated Strategic Plan – (https://cms6.revize.com/revize/cityofcollegeplace/Strategic%20Plan%20document_Final.pdf) Please outline some ideas toward fulfilling the vision of the plan.

Under the Resource Development topic in the Strategic Plan, developing a downtown as a mixed-use zone with a "main street" character is one of the goals that I believe is very important. Working with the Blue Zones Project I have learned so much about the importance of having places in a downtown area where folks can connect. Providing a space where families, friends, college students, business people alike can meet to socialize would better the city. The City could work closely with the small businesses and artists to ensure that the buildings maintain a "main street" feel. It would also be helpful to build spaces where food trucks and other mobile businesses can park for a certain time of the year.

6. Describe your leadership style and how you believe it would benefit the City Council.

I am a servant leader. I lead by example. I strongly feel that I exist to serve people. I take a strengths-based approach when it comes to leading groups. I start by inventorying what strengths individuals have and I incorporate them into current projects and activities. It is when those I lead grow and succeed that I am successful. I also know that I don't know what I don't know. I am very comfortable asking questions, when appropriate. This is beneficial to the City Council because instead of making assumptions I will ask questions and ask for clarification.

City of College Place Council Position 1 Candidate Packet

7. What experiences, talents, or skills do you bring to the Council and community that you would like to highlight?

I speak Spanish and can connect easily with the LatinX community, as a Latina. I have experience with Robert 's Rules of Order and parliamentary procedures. I am passionate and knowledgeable of diversity, equity and inclusion topics and policies.

8. Are there any regional issues or forums in which you have a particular interest or expertise? (ex: transportation, economic development, water supply, solid waste, parks, housing, fire, police, emergency management)

I have experience and interest in environmental policies and issues. Chairing the Diversity Inclusion Advisory Board has given me great insight to the College Place Police Department. I am interested in issues around policing and social justice.

9. How would you encourage more citizen involvement?

I would encourage citizens to read the monthly newsletter created by the mayor and share insights they learned with their fellow neighbors. I would also tell residents to participate anytime the City sends out a survey or does a poll. They put in the time and resources to do so, because they truly care about what you think. I would encourage individuals and families to attend City sponsored events and participate in contests or programs. When our youth and children see adults participating in our local government, they are more encouraged to do so themselves. This provides the pipeline for future involved citizens of our City.

Dear College Place City Council Members,

It is with great interest that I write to you today to seek appointment to College Place City Council Position 1. I strive to be a member of the College Place City Council, in order to support the efforts to make our city more inclusive and welcoming. My breadth and depth of knowledge of city administration as well as the relationships I have developed with various key community leaders will make me an asset to the City of College Place.

The City of College Place does a great job on being transparent and providing up to date news and resources to our residents. There are some residents that are not being reached. Figuring out a way to get to them and their neighbors involved is vital.

That sense of community is something we missed during the pandemic and is something we need to focus on to make our City a stronger place. Providing outdoor community events where neighbors can meet each other would be one way to connect them with city resources. It is when we work together that we truly can make a difference.

I want to be a member of the College Place City Council, because I have a strong desire to give back to my community. I spend a majority of my time outside of work involved in service organizations that are dedicated to improving my community. I am interested in serving on the Council, because I know that I can make a difference in my community. I enjoy building relationships and creating partnerships with the outcome of providing a great experience for all residents.

Sincerely,

Nadine Stecklein

Letter of Interest

It is with enthusiasm and conviction that I write today for the College Place City Council position. As a local high school educator at College Place High School, property owner on College Avenue and a father of four young children I have a vested interest in the City of College Place.

As an American Government teacher and as our Studio 57 Senior Community Connections Coordinator I have a foot in the door and passion for civil engagement and real-world connections for our local high school students. As the city grows, I foresee a bustling small town where my high school students and young-children enjoy the nature around them, have a personal connection to their home town and are provided an opportunity to come back to raise their families one day.

I am an experience leader focused on providing a listening ear focused on representing diverse perspectives while maintaining an example of professionalism for not only my own family, but our College Place High School students as well. Having a diverse background from multiple states, formal education in leadership and experience in teaching Government I am excited about opportunity to bring forth representative ideas and support for and implementation of our strategic plan.

City of College Place Council Position 1: Candidate Packet

Have you previously served on a governing board of any type, or as a leader in any organization?

In my career, I have had the privilege of leading in multiple non-traditional roles. During my time as a professional educator, I have been on the peer elected Principle Advisory committee, I am currently a lead in our Coaches Union negotiating team and I am a lead in College Place High School's Humanities professional development team.

Additionally, I previously owned and operated a small L.L.C. with multiple employees, created business marketing techniques, oversaw accounting, negotiated contracts and ran day to day operations.

Furthermore, I have been a head coach of multiple varsity athletic programs as well as a collegiate basketball program. In these capacities, my role was to implement and promote culture, standard operating procedures, risk management strategies, hire and train assistant coaches, lead professional development meetings as well as manage day to day operations.

What do you believe are the three greatest strengths of the City of College Place?

The secret is out. College Place is the place where people want to live and raise a family. The beauty is, this applies to a diverse demographic of people and families. College Place's strength is it's desirability and its potential. This potential population growth, economic growth and small town attraction is rooted in its diverse people and nature.

It seems to me that one of the greatest strengths of College Place is it's people. College Place has a wonderfully diverse group of people, ages and overall demographics that are rooted in the same strength. The people of the town come across as your traditional, kind hearted society built on common community standards and love of neighbor. As an example, when my small children and their neighborhood friends decided they wanted to sell handmade bracelets and lemonade on College Avenue, I was blown away by the amount of people who stopped just to encourage them, give them money or just stop by to interact. This was a clear example of how the people of College Place are around to care about people; even our young people.

This shows me as well how neighborly our community is and can be. Often, I knew the people who stopped to buy bracelets or to say hello. In the same way, I know my literal neighbors as well. This seems simple, yet profound being that I have lived in communities where this was not the case. If my elderly neighbor is leaving to visit her grand-kids, she communicates to us she will be gone, we watch over her house, take out the garbage can and

the like. This is often the case if we leave for camping and I trust that those around me watch out for us. As a high school teacher, I often walk the neighborhoods around College Place with my family eager to see current and former students who are around to say hello. This small town feel of knowing your neighbor is a foundational strength of College Place.

Available outdoor activities such as nearby camping, playing at parks, streams, walking around the neighborhoods, having a community where you want to be outside is indeed a true strength of College Place. In my estimation, the community is growing more than it has ever grown since its conception. Oftentimes, it seems growth means more concrete. However, I believe one of the draws as to why one would move to College Place is that it still has nature available to the community members. On neighborhood or city walks, a great joy of our families is to be surrounded by spring time color and smells of the trees, or a stop for a shaded rest under a Sycamore tree. Nature is a small drive away or a short ride of a bike to Lions Park, Walla Walla University or the peaceful country roads of the outskirts of town.

Though certainly not exhaustive, these are what I have experienced as strengths of College Place and what makes College Place a place where all people would live and raise a family. In the end, it's potential that is based on the past that makes College Place a valued place to be. There is untapped potential yet to be utilized in College Place. There is potential to grow in population, economically and yet maintain that which makes College Place itself.

What do you believe are the three most significant challenges facing the City?

In terms of challenges, I certainly understand that I currently have a limited perspective from one point of view. To fully understand the challenges I would need to understand multiple perspectives and various data points. Therefore, the challenges, or what I will call areas of growth are based upon my current understanding.

One area of growth is trying to maintain the College Place strengths while still absorbing more people, more businesses and more potential tourism. I do believe there is potential for all three to happen. This simply needs to be fully thought through of how to maintain the small town feel while adding more concrete; so to speak. The acquisition of and proper development of land and growth minded infrastructure plans will be vital in seeing this come to fruition.

When it comes to taking advantage of the current growth and potential growth of College Place I am reminded of the classic question; what comes first, the chicken or the egg. Meaning, I believe a challenge for College Place is understanding how to attract businesses that require a trained and/or educated populace while simultaneously trying to attract or retain a trained and/or educated populace without said businesses already. In other words, how do we stop the "brain drain" from leaving the valley and how to obtain businesses convincing them that there will be a trained workforce if they come.

For me, I am fortunate enough to teach at College Place High School where we have the ability, ready workforce and the processes to train a new generation of employees if there were potential jobs for them in College Place. A solution and selling point is exactly that. We have the space, the growth potential, infrastructure available (or in the works) and the labor base in the local student body to attract business and families to College Place.

Does your interest in serving on the City Council stem from a personal interest or goal? Is there something in particular that you hope to accomplish while serving on the City Council, and why is serving the Council important to you? Please Elaborate

I have both a personal and a professional interest in the City Council as well as a desired goal. There is vested interest I have in the city of College Place as I am a property owner here, I have four small children I am raising here and I am a high school educator in our new College Place High School.

Professionally, I am the American Government teacher for Juniors and Seniors at College Place High School. Naturally, it is a great opportunity for me to be personally involved in civic action and provide a civic duty as an example for my students to learn from. Indeed, first hand experience develops a more relatable and interesting dynamic for students when referring to Government content. Thirdly, having first hand experience always draws upon said experience to better teach my students with 'real life' examples when appropriate.

Both professionally and personally I believe I have a desire to assure perspective from all demographics to be represented in our City Council. A school's staff and student body is directly representative of the cities' diversity ethnically, socioeconomically, educationally and culturally: by way of the students and the staff. As an upper level teacher I am the bridge between a student's time in high school and their first true steps into the community as an active adult. I am honored to be directly involved in understanding, community with and partnering with families throughout the community on a regular basis; thus, allowing me to have a direct pulse of who our College Place families are, what they care about, their desires, goals and more.

As mentioned before, I am a homeowner in College Place proper and currently have 4 children ages 3-7. As such, I have a true vested interest in the community now and in the future. With this, my wife and I are regular visitors of our city streets, parks, country-side, school system and community activities. It would be a win-win scenario for me personally to support the development of College Place in a manner that one day my boys would not only want to stay, but have something to stay for.

The city is operating under a recently updated Strategic Plan - Please outline some ideas toward fulfilling the vision of the plan.

It must be said and understood that my knowledge is based upon public information and current Strategic Plans printed or in the monthly communications from the city. With that being said, there may be ideas in the works already that I am unaware of that could overlap; of which new information would promote new ideas from me.

For economic development purposes, there are a few general ideas that may promote business along and/or near College Avenue that is connected with the University and local high schools.

For example, my time as a Studio 57 Community Connections coordinator I have connected with Port of Walla Walla Kip Kelly prior to the Covid 19 pandemic. College Place High School seems to be in good financial status and seems to have the ability to invest in expansion and STEAM related expansion in particular. With that being said, an idea was to partner with the University Science and Engineering department, partner with the Port of Walla Walla, with local high schools and develop a physical Studio location that would be specifically a STEAM research and development training ground. In this way, Secondary students and post secondary students can be properly educated and trained, incentivizing career and technical businesses to come. This would be a major factor for any Site Selection companies looking to select College Place. Strategically speaking, a company would be able to build along highway 12 and/or 125 with a labor force pipeline straight from the local high school and/or University.

Another opportunity to capitalize on would be to take advantage of the new highway system being developed on Highway 12 and or along 125. No doubt this will increase traffic flow from Tri-Cities. If possible, acquiring land on or very near highway 12 would be a prime location for attracting box stores looking to attract rural customers, Walla Walla customers, College Place customers and Eastern Oregon customers who do not want to travel to Tri-Cities. At the same time, while College Place is developing more housing, a box store or company to work at in this location would attract Tri-City residents to move to College Place knowing they too have some of the same conveniences of a larger city.

Infrastructure ideas stem from preparing for growth and sustainability. With various grants and incentive programs in the state of Washington alone it seems investing in various forms of renewable energy is not only sound sustainable practice, but economically sound as well. Four of the largest consumers of energy would be the College Place School District buildings and Walla Walla University. Proper research and strategic planning may find viability in developing appropriate sustainable energy sources for these buildings such as rooftop garden plots, solar wind and solar panels on rooftops.

Thinking of growth to come, the connection between 125 and S College Avenue is going to be a prime location for local traffic. With that being said, it may be an option to create a large round-about for three main reasons. One, it seems that this is a dangerous intersection and with developments coming across from College Place High School it seems that increased traffic flow would need to slow down the highway goes and allow for slower, safer and smoother entry onto 125. This also has an economic benefit as well. With a large round-about, this leaves room for various exits to future businesses around this intersection.

There are other ideas of how to revitalize downtown without incurring the cost of another brick and mortar building or how to capitalize on what already exists for space, etc. Though my strength is ideation and strategic planning, it seems to me that a wise approach would be to understand further what plans are in place now, listen to the experts currently working on such plans and ask questions of city leadership before going too far with any grandiose ideas.

Describe your leadership style and how you believe it would benefit the City Council.

In my classroom, on my committees, with my business and in my life I operate on a few thoughtful principles. I focus on Professionalism, Perspective and Persuasion. I believe these encompass the necessary skills or big picture ideals that are applicable in any aspect of life.

In order to accomplish these principles my standard operating procedure is to receive, reflect then respond. It seems to me, especially in leadership roles as a professional, decision maker, or leader of my family it is wise to receive information first; slow to react, quick to listen. Then, I believe reflection is key. In this way, it is best to understand all perspectives, points-of-view and fully understand to the best of your ability first. This could be seeking further understanding, clarifying, garnering perspective or whatever is necessary to understand. Then, to react. In this sense, it means to make an informed decision, provide an informed/educated opinion and so forth.

I believe this is a vital part of any leadership role especially as a City Councilperson. It is my understanding that a City Council person is a representative who is there to represent varying perspectives, understand and support city leadership and make informed decisions. By approaching leadership in this manner I believe I will accomplish my role as a City Councilperson to its utmost potential.

What experiences, talents, or skills do you bring to the Council and community that you would like to highlight?

On the surface, I am not demographically diverse. However, I believe my life thus far shows that I am diverse in life experiences and perspectives. With a plethora of life to draw upon, I believe I bring to the table a rich background of perspective, understanding and ideas based upon my travels, observations, acquaintances, exposures and more.

I was born and raised in a small town in Indiana living life below the poverty line to a blue color family. Since, I am the first to graduate from undergraduate school after earning an athletic scholarship, I have a master's in Sport Management and I have a Prof. Certificate in Executive Leadership. My educational background grounds me in the foundational principles of leadership. Socio-economically speaking, I have lived and see the diverse perspectives of all of our community members of College Place.

I have lived in Brazil, South America, Indiana, Kentucky, Colorado and Washington. In my time and travels I have seen a multitude of examples of small towns, big villages, city life, dying rural communities to thriving small communities. .

As a former small business owner, a collegiate coach and a professional educator I have seen the life-span of what it takes and how to lead adolescence to becoming productive citizens of their community. As previously mentioned, I have lived and worked in multiple states allowing me to draw upon past acquaintances and examples that can be achieved here in College Place as our diverse and growing community expands.

As a Senior Studio 57 teacher one of my roles is Community Connections Coordinator. As such, I have been spending the last three years connecting high school students with local business owners, port authority, Chamber of Commerce office/members and the like. I have a unique connection that allows me to understand what the future needs are for potential jobs, what the current needs are and influencing the High School experience preparing them for to be productive citizens within our community needs.

Are there any regional issues or forums in which you have a particular interest or expertise?

As a single income household, with a young active family of 5 I am particularly focused on two main things that I have a strong vested interest in. A community that we can raise our young family in, a community that my one day adult children will have options for employment.

I want this to continue to be a place where we can raise our young families which I believe is vital considering Davis Elementary has been growing at a 6% rate and is projected to continue the same. This means having a safe community with available resources, outdoor/indoor recreation, support programs, affordable housing and the like available. As a high school educator, this can mean a variety of things of course, but a specific focus on educational, vocational and training opportunities.

Secondly, I hope that one day when my four children have grown that this community has jobs available for them. I have a desire that they will stay home but they will need a community that can provide the necessary skills sets and the job opportunities of varying sorts.

In the end, I am most closely interested in and have experience with economic development, affordable housing opportunities and having a trained/educated workforce.

How would you encourage more citizen involvement?

As previously mentioned, I have a unique connection to the school system. As the Senior American Government teacher, I have and will continue to provide project-based learning opportunities for civic engagement projects, government related Bill writing to discover, discuss and debate local ordinances/proposals.

As a Studio 57 Community Connections coordinator, we have and will continue to connect high school students with local community members for internships, partnerships, apprenticeships and “real world” experiences.

In the end, I will encourage citizen involvement by way of future citizens, giving them leadership opportunities to generate a vested interest in their hometown.

City of College Place, Washington
RESOLUTION NO. 22-003

**A RESOLUTION BY THE CITY COUNCIL OF THE CITY OF COLLEGE PLACE, WASHINGTON
REGARDING AUTHORIZING AN INVESTMENT GRADE AUDIT BY MCKINSTRY FOR VARIOUS
FACILITY PROJECTS ACROSS THE CITY**

Whereas, the City of College Place is a non-charter code city governed by the rules and regulations of RCW 35A; and

Whereas, the City chose McKinstry as its Energy Savings Company to conduct Investment Grade Audits of various city facilities and infrastructure via a competitive request for proposal which was awarded via Agenda Bill 18173 during the September 11th, 2018 City Council meeting; and

Whereas, McKinstry is currently engaged in assembling grant funding and construction of the solar array which will be constructed on the grounds of the east side water storage tanks throughout 2022; and

Whereas, the Utilities & Transportation Advisory Commission was briefed on the benefits of evaluating facilities via the ESCO/IGA process during its August 19th, 2021 meeting followed by an introduction at City Council during its January 11th, 2022 meeting;

Now therefore, it is hereby resolved by the City Council of the City of College Place, Washington, as follows:

1. The College Place City Council authorizes the City Administrator to sign the proposal for McKinstry to conduct Investment Grade Audits of city facilities outlined.

Clerical Corrections. The City Clerk is authorized to make necessary clerical corrections to this resolution including, but not limited to, the correction of scrivener's/clerical errors, references, resolution numbering, section/subsection numbers and any references thereto.

Effective Date. This resolution shall take effect and be in full force upon its passage as provided by law.

PASSED by the City Council of the City of College Place, Washington, this 25th day of January, 2022.

- Questions?

Why Act Now

What state and local agencies are doing today...

- Writing to county commissioners, state & federal legislatures with ideas for “**shovel-ready**” or “stimulus-ready” projects
- Looking at **deferred maintenance** needs that could be addressed by different forms of stimulus money
- Engaging in **building audits** to identify short and long-term building needs; phasing projects
- Planning for **carbon-free** alternatives, electrification initiatives and other sustainability goals
- Adding **renewable energy** such as solar photovoltaic energy.

Governor Jay Inslee to State Representatives

“We have highlighted areas where federal investment can accelerate near-term projects and advance worthwhile concepts towards construction through dozens of state capital programs. Each of these strategic priorities would benefit from resources to help communities of all sizes undertake pre-engineering work that sustainable infrastructure relies on.”

What is Energy Savings Performance Contracting (ESPC)?

ESPC is a form of “design-build” construction procurement that is best suited for deep energy retrofits, when a guaranteed outcome is desired.

- Focuses on long term cost savings and how to leverage them, sometimes with financing.
- Eliminates risk by guaranteeing maximum pricing and energy savings.
- Provides a single point of accountability to address complex systems, training, commissioning, and the transition from build to operate.
- Often, ESPC can deliver a project faster than other methods, due to mitigation of schedule impact due to long lead equipment.

Construction Procurement

Design-Build

- Washington RCW 39.10 – Alternative Procurement (approval by CPARB)
- Applicable only to a single project
- Contract should contain guarantee of desired performance outcomes

Energy Savings Performance Contracting (ESPC)

- WA RCW 39.35 A; WA RCW 39.04.170 Public Works not applicable to Performance Contracts
- By statute, the ESCO is a design-builder
- Must have some energy, solid waste or water savings in contracted work.
- Flexibility to develop multiple phases of work over multiple years.
- Multiple phases of work can be developed under one Investment Grade Audit.
- Non-Energy saving work can be rolled into a larger energy project under a Hybrid-ESCO model.

Subject: Investment Grade Audit Proposal | City of College Place DRAFT

Dear Mike Rizzitiello;

McKinstry Essention, LLC (McKinstry) is pleased to propose an energy conservation project for City of College Place (COCP) in response to the recent discussions between McKinstry, City of College Place. Based on those discussions, we understand COCP is interested in improving the energy efficiency and HVAC systems of the city facilities through the Energy Savings Performance-based Contracting Method.

PROJECT DESCRIPTION

This proposal will provide the guidelines for which McKinstry will provide the following tasks:

1. Complete an Investment Grade Audit (IGA) study analysis associated with the following building:
 - a. City Hall
 - b. Police Station
 - c. Fire Station
 - d. Public Works Yard
2. Develop a comprehensive Energy Services Proposal for the identified systems and issues below. Initial scoping concepts below will be vetted during the Investment Grade Audit:
 - a. **City Hall:**
 - i. **Plumbing Upgrades:** Install a new sump pump to serve the server and electrical room to mitigate flood risks.
 - ii. **Controls System:** Develop a solution to integrate the HVAC system into a central controls system.
 - iii. **Generator Upgrade:** Develop a solution to provide backup power to the facility. Options will be provided for emergency and standby operation.
 - b. **Police Station:**
 - i. **HVAC and Controls System:** Replace existing Rooftop Unit with a new high efficiency unit. Install new controls system to integrate with a central controls system.
 - ii. **Generator Upgrade:** Develop a solution to provide backup power to the facility. Options will be provided for emergency and standby operation.

City of College Place IGA Proposal

c. **Fire Station:**

- i. **HVAC and Controls System:** Develop a solution to replace the existing HAVC system with newer and more efficient equipment. Install new controls system to integrate with a central controls system.
- ii. **Generator Upgrade:** Develop a solution to provide backup power to the facility. Options will be provided for emergency and standby operation.

d. **Public Works Yard:**

- i. **HVAC and Controls System – Shop and Break Room/Parts Room:** Develop a solution to replace the existing HAVC system with newer and more efficient equipment. Install new controls system to integrate with a central controls system.
- ii. **Generator Upgrade:** Develop a solution to provide backup power to the facility. Options will be provided for emergency and standby operation.

e. **City Wide:**

- i. **Interior and Exterior Lighting Upgrades:** Develop a detailed lighting report and replace any interior and exterior lights with new LED lighting.

f. **All facilities will be included in the following reports:**

- i. **Utility Data Analysis (UDA):** Collect and analyze historic utility data to determine how the overall operation of the facility is performing against Energy Star and ASHRAE 100-2018 benchmarks.
- ii. Provide an **Energy Services Proposal (ESP)** that will include a **project schedule, scope** and **Guaranteed Maximum Pricing and Energy Savings (GMAX Pricing and Savings)** for implementation in Summer of 2022.

The investment grade effort is intended to lead to the implementation of energy improvement measures. The audit will provide all details necessary for implementation of viable initiatives including associated savings, costs, potential utility funding, and return on investment scenarios, as well as a construction schedule.

The ESP/IGA will be a product of the direction McKinstry receives, and it is anticipated that the information contained in the IGA and resulting Energy Services Proposal will form the basis of a proposal and contracting documents. The specific deliverables associated with this professional services endeavor can be found in Attachment A.

TIMELINE AND MILESTONES

McKinstry will initiate this scope of work upon receipt of written direction from City of College Place. Formal progress review meetings will be conducted regularly throughout the study phase. During these review meetings, McKinstry will recommend measures based on preliminary analysis. The goal of these review meetings is to focus engineering efforts, budgeting, and savings assessment on those measures that possess a high probability for implementation. During this time, McKinstry will provide a detailed measurement and verification (M&V) plan for the energy savings.

McKinstry will target completion of the Investment Grade Audit within 120 days upon a signed contract from COCP.

City of College Place IGA Proposal

REQUESTED INFORMATION

For effective execution of this proposal, we ask that COCP provide access to the following:

1. Historical utility bills and steam consumption for the last 24 to 36 months.
2. All mechanical, electrical, architectural, and structural drawings.
3. All operational and maintenance manuals, balancing records, & specifications.
4. Operational records related to the cost of maintaining specific equipment.
5. Information with regards to any on-going maintenance contracts.
6. Access to individuals that have relevant information pertaining to the day-to-day operation of energy using systems on site.
7. Prior energy studies for related systems, if applicable.
8. Any available hazardous material survey reports (i.e. Good Faith Survey).

COST EFFECTIVENESS CRITERIA

It is City of College Place's intent that McKinstry will implement all approved projects that meet the project cost effectiveness criteria:

- McKinstry will focus on an aggregate modified payback to be equal to or less than the useful life of the equipment, less any utility incentives. Savings will include any utility and may include hard-cost operational savings (no labor) pending COCP approval. While this is our focus, it is understood that COCP has directed McKinstry to investigate measures that may have a simple payback beyond the useful life of the equipment/systems.
- For the purposes of the financial cash flow models, McKinstry will work with COCP to use appropriate financial rates and other variables to show project benefits.
- COCP may infuse capital either from planned capital project budgets, cash reserves, financing, grants, or other sources to assist with implementation of Facility Improvement Measures.

City of College Place IGA Proposal

PROPOSED COSTS

All fees assessed in the Investment Grade Audit proposal will be included in the final implementation costs. In the event McKinstry is unable to recommend projects that meet the criteria above, City of College Place has no financial obligation to McKinstry. However, if the recommendations meet or exceed the "Criteria" (List above), and COCP chooses not to enter into an agreement with McKinstry to implement the projects, COCP will Reimburse McKinstry for its time and expenses not to exceed the following:

SCOPE	DESCRIPTION	COST
Investment Grade Audit (IGA)	Investment Grade Audit to include Guaranteed Maximum (GMAX) Pricing and Energy Savings for Controls Upgrades.	\$71,424

TOTAL: \$71,424

All associated information, including deliverables, will become the property of City of College Place upon final receipt of payment. We appreciate the opportunity to continue serving City of College Place as your energy partner. Please let us know if we can answer any questions or provide you with additional information.

ATTACHMENT A: INVESTMENT GRADE AUDIT DELIVERABLES

The Investment Grade Audit for COCP will include the following elements:

1. A description of the systems which shall receive ESCO Equipment and ESCO Services;
2. The cost-effective Facility Improvement Measures (FIMs) to be installed or caused to be installed by the ESCO and a description of the FIMs analyzed but disqualified;
3. A description of the services that the ESCO will perform or cause to be performed on or in the infrastructure, including but not limited to engineering, construction management, the operations and maintenance procedures for use on ESCO Equipment, training for personnel, warranty service provided, and equipment maintenance provided;
4. The Maximum Allowable Project Cost, itemized in detail, which may be amended to represent actual costs;
5. Recommendations for replacement of existing equipment, along with recommendations for improvements to existing equipment and operating conditions;
6. The service standards appropriate for the infrastructure;
7. The baseline energy consumption, including the data, methodology and variables used to compute the baseline, and the baseline calendar period which shall not be less than twelve (12) months;
8. The estimated energy savings and energy cost savings that are expected to result from the installation of the ESCO Equipment and from the ESCO Service, and an explanation of the method used to make the estimate;
9. The method by which Energy Savings and Energy Cost Savings will be calculated during the term of the Energy Services Agreement;
10. A description of how project financing (if required) will be completed;
11. A description of how the Energy Savings will be guaranteed by the ESCO;
12. A description of how the ESCO proposes to be compensated;
13. The schedule for project completion;
14. The nature and extent of the work and equipment that the ESCO anticipates it will receive from other firms under subcontract;
15. Detailed Measurement and Verification (M&V) Plan.

City of College Place IGA Proposal

PERFORMANCE OF WORK. McKinstry shall perform the scope of work (“Work”) specified herein. McKinstry shall furnish all services necessary to perform the Work and perform the Work to completion diligently, expeditiously and with adequate forces. Customer shall use its best efforts to provide all information, materials, documents, and assistance that is reasonably required for McKinstry to perform any and all aspects of the Work.

PAYMENTS. Customer shall pay McKinstry the compensation specified herein (“Price”) for the value of Work that McKinstry has completed, as the Work is completed. Customer shall pay McKinstry within thirty (30) days of receiving an invoice. McKinstry will be entitled to interest at the maximum rate allowed by law on all sums overdue and unpaid from the date due.

WARRANTIES. Customer shall receive a one (1) year warranty that covers labor and materials provided by McKinstry as part of the Work. This warranty commences on the date that the portion of the Work warranted is substantially complete. However, McKinstry makes no warranty whatsoever regarding components of the Work provided by third parties, and in such case the terms of the third party’s warranty, including manufacturers’ warranties, if any, shall apply between Customer and the third party. The warranties in this section are exclusive and in lieu of all other warranties, whether express or implied.

TERMINATION. Either Party may terminate this agreement upon fifteen (15) days written notice to the other Party. In such case the rights and obligations of each Party that arose prior to the termination date shall survive such termination, except that McKinstry shall have no obligation to perform Work after termination.

DISPUTES. In case of dispute between the Parties, the Parties will attempt to negotiate a resolution. If a dispute remains unresolved more than thirty (30) calendar days after the commencement of negotiation, then the Parties shall pursue mediation. If any dispute remains unresolved more than sixty (60) calendar days after the commencement of mediation, then either Party may commence binding arbitration. No litigation will be commenced by either Party unless all of the foregoing steps have been pursued to completion.

CHOICE OF LAW, VENUE. The validity, interpretation, and performance of this agreement shall be governed by the laws of the state in which the Work is performed. The venue for resolving any dispute shall be the county in which the Work is performed.

FORCE MAJEURE. Neither McKinstry nor Customer shall be considered in breach of this agreement to the extent that the Party’s performance is prevented by an event or events that are beyond the control of such party, including but not limited to acts of God, fire, earthquake, flood, storm, war, rebellion, revolution, insurrection, riot, strike, nuclear contamination, and/or acts or threats of terrorism.

NO WAIVER. No waiver of any breach, failure, right, or remedy shall be deemed a waiver of any other breach, failure, right, or remedy, whether or not similar, nor shall any waiver constitute a continuing waiver.

INTELLECTUAL PROPERTY. Intellectual property provided by McKinstry to Customer as part of the Work are instruments of service owned by McKinstry and are not “work made for hire” as such term is defined under U.S. copyright law. **Justice Assistance Grant
Concept Proposals for Funding Consideration**

This proposal's main purpose is to fund the investigations of mid to upper-level drug traffic organizations, organized criminal gangs and violent offenders through the formation of a regional task force within the greater Walla Walla County region. This funding will primarily help with personnel, equipment, confidential funds and training.

Historically, Walla Walla County, City of Walla Walla, City of College Place and Columbia County have been underserved and unrepresented with federal funds as it pertains to drug enforcement, criminal gangs, and violent offenders. There has never been sustained, long term regional efforts funded by the federal government.

Currently, only the City of Walla Walla has FULL time detectives assigned to the investigation of drug, gangs and career criminals. These detectives are currently assigned to the Walla Walla Police Department (WWPD) Street Crimes Unit (SCU). WWPD SCU currently has one sergeant and five detectives assigned. WWPD foresees losing at least one of these positions to staff patrol for up to the next 18 months. The only other local agencies in WW County are the Walla Walla County Sheriff's Office (WWSO) and College Place Police Department (CPPD). The only local law enforcement agency in Columbia County is the Columbia County Sheriff's Office. Each of our agencies have struggled to maintain full staffing.

Walla Walla County is surrounded on three sides by federally designated high intensity drug trafficking areas (HIDTA). Franklin County borders us on the North, Benton County borders us on the West and Umatilla County, OR borders us on the South. Walla Walla and Columbia Counties are not currently designated HIDTA counties.

Franklin and Benton Counties contain the Cities of Pasco, Kennewick and Richland, when combined (Tri-Cities) is one of the most populated regions in the State of Washington and only 50 miles away. We have three colleges that bring an additional 10,000 students here annually. In addition, we experience a large population of seasonal migrant workers with direct ties to Mexico.

Hwy 12, Hwy 124 and Hwy 125 are the state highways that connect our region to Tri-Cities, Yakima, Umatilla County, Oregon (10 miles away) and Idaho, which is only 90 miles away. These state highways have long been used to circumvent interstates nearby by drug dealers and gangs.

During the last several years our combined agencies have seized over \$800,000 in drug proceeds, multiple pounds of methamphetamine, heroin, fentanyl, cocaine, marijuana and dozens of stolen firearms. We were able to confirm that several of these seizures were directly tied to Drug Trafficking Organizations in Mexico.

We have a regional airport, and our region is served by railroad lines and truck freight companies. The Walla Walla region has several documented criminal street gangs and outlaw

motorcycle gangs (OMG) to include the approximately one dozen recently fully patched in Pagans, a DOJ recognized 1 % OMG. All these gangs have state and national ties to their parent organizations. We also have one of the largest state penitentiaries in the State of Washington. Washington State Penitentiary incarcerates a large percentage of the most violent offenders, drug traffickers and gang members. Visitors and family members who live in our region are largely responsible for facilitating drugs into our area and into the prison.

Because of these factors, Walla Walla and Columbia Counties are known to the mid to upper-level drug traffickers and criminal gangs as a relative “safe zone” due to the lack of sustained, organized mid to upper-level efforts by local law enforcement.

We **propose** standing up a task force involving the agencies of Walla Walla Police Department (hosting agency, where centralized operations will occur), Walla Walla Sheriff’s Office, College Place Police Department, Columbia County Sheriff’s Office, Washington State Patrol, Washington State Department of Corrections (DOC) and the Walla Walla County Prosecuting Attorney’s Office. Our plan is to have the following personnel:

- 6 agencies
- 8 commissioned law enforcement investigators, 1 supervisor
- 1 prosecutor
- .5 support staff

Our **primary focus** will be based on three areas:

- Drug, Gang and Violent criminal organizations.
- Operating at levels beyond the capacity of most local jurisdictions to investigate.
 - Our full-time partnership will result in our task force operating at levels beyond the capacity of our local jurisdictions. At a minimum, we will be expending 40% of our efforts at targeting mid to upper-level criminal operations.
- Prosecution
 - No matter how many serious offenders are apprehended, if they cannot be removed from society for longer than it takes to make bail, all the investigative efforts are a waste of money. The Walla Walla Prosecuting Attorney’s Office will commit to not denying any task force generated case due to staffing.

Our **secondary focus** will be based on issues and activity of interest to the board, aid to law enforcement agencies/units, and contribution to regional professionalism and capacity. Some of these activities include but not limited to:

- Supporting adjacent task forces with the loan of personnel/equipment (ie. Multiple warrant service, handing off information to facilitate complete cases, etc.)
- Supporting the missing and exploited task force stings in our area.
- Homicide or other investigations requiring skills beyond the capacity of local agencies or development of leads from disreputable elements.

- Street sweeps and other short duration/high impact efforts to bring crime in targeted communities back to the level that can be reasonably served by other local law enforcement efforts.

We anticipate **leveraging** our existing personnel assigned to the WWPDP SCU with the addition of one investigator from each of the agencies mentioned. WWPDP has a captain and sergeant with 10 years' experience working narcotics and gangs and are in the immediate position to completely transition into overseeing and supervising the proposed task force.

We already have the available building and space for each participating agency at the Walla Walla Police Department. Each participating agency will be responsible for their assigned investigators personal equipment and undercover vehicle. According to the requirements of this grant, we will need to have at least a part time support staff. We anticipate using an employee already working for one of our local agencies and funding his/her extra duties required by this grant.

Our biggest need will be initially funding the investigative positions supplied by partnering agencies. Each agency will be responsible for funding these positions as soon as possible. We will need additional equipment specific to surveillance/listening devices ie. pole cams and tracking devices. The biggest expense will be the start up needs and will taper off after standing up the task force. Experience has shown that it takes 1 year to bring new personnel up to necessary standards and for a full upgrade to a task force as projected.

Our **expected outcome** will be investigating, disrupting and dismantling drug and gang organizations in Walla Walla and Columbia County, by leveraging our resources by working with our neighboring task forces, local, state and federal partners. We will work towards meeting or exceeding all Department of Commerce required benchmarks relative to the JAG Funding; specifically focusing on mid to upper-level drug and gang investigations, working towards making multiple arrests related to criminal organizations, successful prosecutions and forfeited property.

Projected budgetary needs for the first year:

	JAG Funds	Local Funds
Salaries	399,000	650,000
Overtime		25,000
Contracted Services		5,000
Goods & Services		12,000
Travel/Training	25,000	25,000
Equipment	10,000	30,000
Confidential Funds	10,000	10,000
Totals	444,000	757,000

We have reviewed the current training, reporting and performance standards necessary for funding for this Justice Assistance Grant. We understand, agree and are committed to these standards.

Thank you all for your consideration.

RECITALS

Historically, Walla Walla County, City of Walla Walla, City of College Place and Columbia County have been underserved and unrepresented with federal funds as it pertains to drug enforcement, criminal gangs, and violent offenders. The federal government has appropriated monies to the State of Washington to fund a coordinated state-wide narcotics control program. These funds are currently administered by the Washington State Department of Commerce. The Department of Commerce or a successor state agency will continue to administer these funds.

Based upon established criteria, the parties are eligible to apply for a grant to assist them in their efforts to combat controlled substances trafficking. Department of Commerce desires to enter into a contract with one participating jurisdiction, to be named in the grant application as the applicant jurisdiction, and which shall have the duty of administering the grant on behalf of the participating jurisdictions.

The parties desire to enter into an Agreement to enable the applicant jurisdiction to receive the grant, to administer the grant, and to be responsible for compliance with its terms on behalf of the participating jurisdictions.

The City of Walla Walla has consented to act as the applicant jurisdiction with regard to future applications to Department of Commerce and any funds supplied by a Department of Commerce grant.

Chapter 39.34 RCW provides that local jurisdictions may enter into cooperative agreements in order to best serve the needs of their local communities.

Now, therefore, the parties hereto, through their governing bodies, do hereby agree as follows:

SECTION 1 – DEFINITIONS

“Application” means an application submitted to Department of Commerce for a controlled substance law task force grant.

“Agency” and “Agencies” shall mean the member agencies of WWRDGTf, that being the Police Departments of the Cities of Walla Walla and College Place, the Sheriff’s Departments of Columbia and Walla Walla Counties, the Washington State Department of Corrections (DOC), and the Walla Walla County Prosecuting Attorney’s Office.

“WWRDGTf” (Walla Walla Regional Drug and Gang Task Force) shall mean the Multi-jurisdictional Narcotics Task Force for the Walla Walla Region Hereby Established to Combat Drug Trafficking, Organized Criminal Gangs, and Violent Offenders (a/k/a the Walla Walla Regional Drug and Gang Task Force).

“Department of Commerce” means the Washington State Department of Commerce.

“DEA” means Drug Enforcement Administration from within the United States Department of Justice.

“Executive Board” means the oversight committee consisting of one elected or appointed

official from the cities of Walla Walla and College Place, to be designated by the City Council of each jurisdiction, and one County Commissioner from each of the counties of Columbia and Walla Walla, or their designee from among non-judicial elected officials of their county or an administrator working for the County Commissioners. The chairperson of the Governing Board or his/her designee from among its members and the Deputy City Manager of the City of Walla Walla shall be non-voting members of the Executive Board. The Executive Board shall be the chief administrative officer for the purpose of budget transfers within each fund.

“Governing Board” shall mean the law enforcement policy body for WWRDGTF and will consist of the Chiefs of Police of Walla Walla and College Place, the Sheriffs of Columbia and Walla Walla Counties, and the Walla Walla County Prosecuting Attorney (WWPA) or a deputy prosecuting attorney designated by the WWPA. It shall recommend the budget for the grants funds and their disbursement and be responsible for preparing applications for any additional grants or renewal of the grant. The Deputy City Manager of the City of Walla Walla shall be a non-voting member of the Governing Board for the purposes of advisement on financial and fund administrative matters. The prosecuting attorney shall refrain from voting on purely investigative issues. The City of Walla Walla Police Chief shall serve as chairperson.

“Jurisdictions” mean the cities of Walla Walla and College Place, and the counties of Walla Walla and Columbia.

“Local Narcotics Control Program Fund” (“LNCPF”) means the fund to be administered by the City of Walla Walla for purposes of grant administration and the receipt and disbursement of grant funds.

“WWRDGTF Drug Forfeiture Fund” means a fund of to be established and administered by the City of Walla Walla. This fund may receive the proceeds of forfeiture, federal grants, and the court ordered or other contributions for the purpose of enforcement of the controlled substance laws of the State of Washington.

“WWRDGTF Operations” means any controlled substance law enforcement activity in which an officer assigned to WWRDGTF takes an active part, either as part of a surveillance team, raid team, or an arresting officer. WWRDGTF operations may also include controlled substance law enforcement activity in which WWRDGTF’s sole participation was to supply intelligence information to the arresting agency. The Governing Board, in accordance with the provisions of Section 8, shall determine whether the providing of information in any given case has been substantial enough to constitute making that activity a WWRDGTF operation.

“Paid Vouchers” means all purchase orders, invoices, payroll, records, etc., to back up expenditures by participating jurisdictions.

SECTION 2 – PURPOSE

The purpose of this Agreement is to establish an organized effort to combat violations of controlled substance laws within the contracting jurisdictions and to take advantage of Department of Commerce and any other available grants.

SECTION 3 – GENERAL DUTIES OF THE PARTIES

The parties have or shall:

Authorize their respective representative to execute any and all necessary documents to obtain grant funds available pursuant to State and Federal Law for the purpose of establishing a regional, multi-jurisdictional Task Force;

Authorize their officials and employees to participate in the activities of WWRDGTf according to this Agreement, the work plan established in the application, and as determined by the appropriate administrative body; and

Authorize their law enforcement officials to enter into operating agreements, such as those in existence pursuant to Chapter 10.93 RCW to enable these agencies to participate in WWRDGTf.

SECTION 4 – DURATION/WITHDRAWAL/TERMINATION

This Agreement shall commence immediately upon its execution by all of the parties and filing with the Auditor of Walla Walla County and shall continue until terminated by the jurisdictions. To comply with the requirements of the Department of Justice, the Governing Board will annually vote to reaffirm the terms and conditions of this Intergovernmental Agreement.

The grant from Department of Commerce is made for one year at a time, beginning October 1st of each year. Any party may withdraw from WWRDGTf effective the beginning of the next grant year by giving written notice by no later than 90 days prior to the end of the annual grant cycle to the other parties to this Agreement. A party that withdraws from WWRDGTf before termination of WWRDGTf shall forfeit 100% of their share of the WWRDGTf Drug Forfeiture Fund equity and assets. Nothing in this paragraph shall require any agency to return or refund any grant monies properly dispensed to the terminating agency.

Termination of this Agreement shall only occur upon written mutual agreement of all the parties that are at the time of termination participants in WWRDGTF and subject to this Agreement. The written agreement for termination shall be executed by 90 days prior to the end of the annual grant cycle to be effective on that date. No participating agency will unreasonably withhold their agreement to terminate.

SECTION 5 – TASK FORCE

Each party has committed to providing, as long as their respective budgets allow, the following personnel with their assigned equipment to WWRDGTF:

WWPD	-	5 Investigator(s)
CPPD	-	1 Investigator(s)
WWSO	-	1 Investigator(s)
CCSO	-	1 Investigator(s)
DOC	-	1 Investigator

Each party has the option of amending the number of personnel assigned to WWRDGTF. Notice of any change in the number of personnel committed to WWRDGTF shall be given to the Executive Board by January 1st of that year to take effect by January 31st of that same year, except that, with a change of the amount of grant funds received, and upon mutual agreement by the parties, assignment may change to reflect the change in funding-

The WWPD shall supply a supervisory person of the grade of Captain or above to act as a part-time administrator. That person shall serve approximately one-fourth of his/her time administering WWRDGTF. The administrator may be delegated such administrative duties as the Governing Board shall see fit.

Selection and retention of the administrator shall be done by the WWPD Chief. If the majority of the Governing Board does not support selection or retention of the administrator, the City of Walla Walla may either name a different administrator or choose to withdraw as the administering agency.

One of the investigators assigned from the WWPD shall be a Sergeant. That Sergeant will perform supervisory duties in WWRDGTF.

The WWPA will assign a lawyer for the purpose of handling cases generated by the Task Force. The WWPA will commit to not denying any task force generated case due to staffing issues.

Secretarial staff will be assigned or employed by one or more of the parties in the support of the investigation and prosecution of cases arising as a result of Task Force operations and this may be contingent upon funding. This position will be funded 50% from the JAG funding.

The Executive Board, by majority vote may, in the event that any party to this Agreement fails at any time during the term of this Agreement to provide or maintain the commitment of personnel to WWRDGTF as set forth above, impose the following penalties on the party in breach of this Agreement:

The forfeiture of all (100%) of the party's share of the WWRDGTF Drug Forfeiture Fund equity and assets; and

~~The immediate return of any and all WWRDGTF funds paid to the party that was not used in accordance with this Agreement. For example, if a party is paid grant funds as reimbursement for salary for an officer to perform WWRDGTF duties and said officer failed to perform duties as required, the employing party will repay said funds. payment upon determination of amount to the WWRDGTF Drug Forfeiture Fund of an amount equal to any loss of federal and/or state grant funds for the operating year arising from or caused by the party's failure to provide or maintain their commitment of personnel to WWRDGTF.~~

The Executive Board, by majority vote, shall determine the amount to be repaid.

SECTION 6 – ADMINISTRATION

The City of Walla Walla shall be the applicant jurisdiction for Department of Commerce grants. It shall provide the necessary documentation to receive grant funds and ensure that the provisions of the application are met. Walla Walla shall maintain budgetary control of grant funds and maintain records as required by applicable laws and regulations. Participating jurisdictions shall incur, and pay individually, those expenses accruing to activities or employees of their jurisdictions. Paid vouchers for reimbursable expenses are to be transmitted to the Finance Division of the City of Walla Walla immediately after payment. The City of Walla Walla shall request funds for grant reimbursement on a monthly basis and distribute grant proceeds accordingly upon receipt of said funds. The City of Walla Walla shall set up and administer the LNCPF for the purposes of accounting for grant fund receipts and disbursements and to prevent the commingling of grant funds and drug forfeiture and other funds recovered pursuant to

this Agreement with any other funds. The LNCPF shall be subject to the same audit and fiscal controls as the public treasury of the City of Walla Walla.

The City of Walla Walla assumes the responsibilities of the applicant jurisdiction on behalf of, and for the benefit of, all the jurisdictions that are parties to this Agreement. All the jurisdictions shall share, on a pro-rata basis, any loss other than a loss covered by Section 10 of the Agreement suffered by any jurisdiction arising solely and directly as the result of the City of Walla Walla's role as the applicant jurisdiction- The amount each party is responsible for shall be no greater than the amount of funds received pursuant to this Agreement which gave rise to the loss.

Except for the City of Walla Walla's administrative actions, no party may transfer any grant or other funds covered by this Agreement to any other party unless approved by a majority of the Executive Board.

In the event that there is any recapture of grant funds by the Department of Commerce pursuant to the provisions of the City of Walla Walla contract with it, the jurisdictions shall share responsibility on the pro-rata basis. However, in the event that there is a recapture of grant funds originally disbursed due to an identifiable discretionary expenditure of any ~~jurisdiction or agency~~ or agencies, that ~~jurisdiction or agency~~ or agencies shall bear the sole responsibility for payment and indemnify the City of Walla Walla for ~~any the~~ the loss of funds due to the identifiable discretionary expenditure. The amount each party is responsible for shall be no greater than the amount of funds received pursuant to this Agreement. it may suffer due to any such recapture.

If any loss of funds, other than a loss covered by Section 10 of the Agreement, is covered by a fidelity bond or other insurance, covering one of the jurisdictions employees, that jurisdiction shall be responsible for said loss to the extent of the coverage provided by said bond or insurance and any remaining loss shall be shared as set forth above.

The City of Walla Walla shall administer the WWRDGTF Drug Forfeiture Fund, and it shall be subject to the same audit and fiscal controls as the public treasury of the City of Walla Walla.

The Executive Board shall be responsible for the budget and all other administrative duties of the LNCPF and of WWRDGTF. The Executive Board may delegate any or all of these duties to the Governing Board. The Executive Board shall be responsible for submitting both the LNCPF budget and the WWRDGTF Drug Forfeiture Fund budget to the City Council of the City of Walla Walla for approval as provided by law. The Executive Board shall elect a chairperson and vice-chairperson, meet at least twice a year, and adopt such procedural rules to govern its meetings as it deems necessary.

The Governing Board shall meet at least quarterly, adopt such procedural rules to govern its meetings as it deems necessary, and provide policy recommendations to the Executive Committee regarding the LNCPF, WWRDGTF Drug Forfeiture Fund, WWRDGTF, and related Task Force expenditures and operations, and may delegate any administrative duties delegated to it.

Nothing in this Agreement shall be construed as authorizing any party or official of said party to direct the Prosecuting Attorney or any Deputy Prosecuting Attorney in the performance of his or her duties.

To comply with WWRDGTF's obligation to respond to Public Records Requests, and to minimize legal risk to each participating jurisdiction, the parties agree that all original police reports, correspondence, e-mail communications, or other "records" related to WWRDGTF operations and investigations shall be provided to WWPd and will be maintained by the City of Walla Walla as the administrative agency. The parties agree that to the extent a participating jurisdiction concludes it needs a copy, it may maintain a copy. When a Public Records Request is received by WWRDGTF, administrative staff for WWRDGTF will complete a search for responsive records and respond to the request. To the extent legal review is needed to respond to a request the City Attorney for the City of Walla Walla will provide the review.

SECTION 7 – ACQUISITION AND USE OF EQUIPMENT

In the event that any equipment is acquired with grant funds received from Department of Commerce, the parties agree to use the equipment only for specified program purposes during the life of the grant. All equipment purchased by the City of Walla Walla on behalf of WWRDGTF using grant funds shall be owned by the applicant jurisdiction, the City of Walla Walla. After the grant period ends, the parties agree to use the equipment only for controlled substance enforcement purposes and to dispose of said property as set forth in this Section unless federal and state requirements provide for a different disposition.

Upon termination of this Agreement, all equipment contributed by the jurisdictions shall be returned to the contributing agency. All property and equipment purchased with monies from the LNCPF or with monies from the WWRDGTF Drug Forfeiture Fund shall be distributed so as not to violate the paragraph above, and on a pro-rata basis as set forth below, and this property shall be used by the receiving party only for controlled substance enforcement purposes unless federal and state requirements provide for a different disposition. The Governing Board shall see to it that a separate inventory for property and equipment purchased from each fund shall be kept and, if money from the

LNCPPF is used to reimburse any other fund for any property and equipment purchased, the property or equipment shall be transferred to the LNCPPF inventory. This inventory shall continue for the duration of this Agreement. Upon termination of this Agreement, the items purchased with monies from the LNCPPF fund or with monies from the WWRDGTFF Drug Forfeiture Fund shall be distributed to each participating jurisdiction under a formula that divides the cumulative number of investigators or prosecutors assigned to WWRDGTFF by each jurisdiction starting with the first grant cycle year, and continuing through the most recently completed grant cycle year by the cumulative total of investigators or prosecutors assigned to WWRDGTFF by all participating jurisdictions during this same period. Jurisdictions shall only receive credit in the calculation for those investigators that remain assigned to WWRDGTFF for the entirety of a fiscal year. At such time that a jurisdiction removes all of the investigators that it had previously assigned to WWRDGTFF, it shall also forfeit its right to any future distribution of accumulated assets under this section and be removed from the calculation.

SECTION 8 – FUND ADMINISTRATION AND FORFEITURES

All property, proceeds from property, and cash forfeited pursuant to RCW 69.50.505 by WWRDGTFF operations and all other contributions to the WWRDGTFF Drug Forfeiture Fund shall be managed and disbursed as provided in this Section.

The City of Walla Walla shall administer the WWRDGTFF Drug Forfeiture Fund and shall make expenditures from the fund only as appropriately directed. All interest attributed to investment of monies in the WWRDGTFF Drug Forfeiture Fund shall be deposited into the fund. This fund shall be established so that it may accept court ordered contribution or other contributions as well as funds disbursed by the federal government or other agencies involving the enforcement of controlled substance laws. Disbursements from this fund shall be for controlled substance enforcement purposes.

To the extent that RCW 69.50.505 requires that the forfeiture funds be deposited in the current expense fund of the jurisdiction in which the forfeiture takes place, that requirement shall be met by depositing said funds in the WWRDGTFF Drug Forfeiture Fund. Forfeitures shall be in accordance with RCW 69.50.505 or other applicable law and all funds which may be retained by the local jurisdiction as a result of said forfeiture shall be deposited into the WWRDGTFF Drug Forfeiture Fund.

All property forfeited pursuant to WWRDGTFF operations shall be immediately delivered to WWRDGTFF for use in WWRDGTFF operations, unless use of such property is declined by the Governing Board, in which case the jurisdiction in which the forfeiture took place may use the property in accordance with RCW 69.50.505. The City of Walla Walla shall see to it that a property inventory is kept of all the property seized, whether or not it has

yet been forfeited, and of its sale or other disposition.

The Governing Board may authorize the transfer of forfeited property of any law enforcement agency in this state upon application for the exclusive use of enforcing the provisions of Chapter 69.50.505 RCW as now or hereafter amended.

Firearms confiscated as a result of WWRDGTF operations will be placed into WWPd, WWSO, or CCSO evidence and the disposal of the firearms will occur after adjudication of the case in court and at the direction of the Governing Board.

Upon termination, the Deputy City Manager of the City of Walla Walla, or his or her designee, using established governmental accounting standards shall determine the balance of the LNCPF and the WWRDGTF Drug Forfeiture Fund available for distribution as of the termination date. All jurisdictions shall share in the amount available for distribution on a pro-rata basis as set forth in section 7. Any balances that become available for distribution within the LNCPF and the WWRDGTF Drug Forfeiture Fund after the date of termination, including but not limited to, the net proceeds derived from any property that was seized or forfeited prior to the termination date, shall be distributed in the same manner. Funds distributed may be used for the expansion of controlled substance enforcement purposes and may not supplant pre-existing funding services unless otherwise authorized by applicable law.

In order to ensure compliance with the Agreement, the parties agree that all forfeitures made pursuant to RCW 69.50.505 by each party shall be disclosed to the Governing Board. The Governing Board shall review each case to determine if the action was a WWRDGTF operation. The decision of the Governing Board shall be binding upon all parties. However, WWRDGTF operations shall expressly not include drug arrests and forfeitures which are incidental to an unrelated activity, e.g., a routine traffic stop, arrests and forfeitures from operations which were made after consultation with and agreement of the WWRDGTF supervisor that WWRDGTF would not participate; and cases which are not considered a WWRDGTF case for prosecution purposes.

SECTION 9 – ARBITRATION

The parties agree that any dispute arising from this Agreement relating to the distribution of monies and or property or penalty provisions shall be submitted to an arbitrator for a binding decision pursuant to Chapter 7.05 RCW unless the parties agree to another manner of arbitration. If the parties cannot agree on an arbitrator(s), the court shall appoint an arbitrator from a list compiled as follows: each party shall submit a list of three persons not associated with any of the parties who have agreed to act as an arbitrator and each party may strike up to two names from the total list thereby compiled.

The court shall select an arbitrator from among the names remaining unless there is none, in which case the court shall select an arbitrator not associated with any of the parties.

SECTION 10 – LIABILITY

Each party shall be responsible for the wrongful or negligent actions of its employees while assigned to WWRDGTF as their respective liability shall appear under the laws of the State of Washington and/or Federal Law and this Agreement is not intended to diminish or expand such liability.

To that end, each party promises to hold harmless and release all the other participating parties from any loss, claim or liability arising from or out of the negligent tortious actions or inactions of its employee, officers and officials. Such liability shall be apportioned among the parties or other at-fault persons or entities in accordance with the laws of the State of Washington.

Nothing herein shall be interpreted to:

Waive any defense arising out of RCW Title 51.

Limit the ability of a participant to exercise any right, defense, or remedy which a party may have with respect to third parties or the officer(s) whose action or inaction give rise to loss, claim or liability, including, but not limited to, an assertion that the officer(s) was acting beyond the scope of his or her employment.

Cover or require indemnification or payment of any judgment against any individual or Agency for intentionally wrongful conduct outside the scope of employment of any individual or for judgment for punitive damages against any individual or Agency. Payment of punitive damage awards, fines or sanctions shall be the sole responsibility of the individual against whom said judgment is rendered and/or his or her Agency employer, should that employer elect to make said payment voluntarily. This Agreement does not require indemnification of any punitive damage awards or for any order imposing fines or sanctions.

SECTION 11 – AMENDMENT

This Agreement may be amended from time-to-time as deemed appropriate by the parties, provided that such amendment shall become effective only after it has been adopted in writing by authorized representatives of each of the parties.

SECTION 12 – INTEGRATION

This Agreement and the application contain all the terms and conditions agreed upon by the parties, except necessary operational agreements between the law enforcement agencies of the respective jurisdictions pursuant to Chapter 10.93 RCW. No other understandings, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind any of the parties. This Agreement shall expressly supersede all prior Agreements among the jurisdictions regarding WWRDGTF creation, operation, and administration.
