This code would earmark 1% for public art in capital projects over \$2 million dollars.

Such an ordinance can allow public art to be included in budgets for larger public works projects with granting agencies. The proposed code allows for exemptions with projects below \$2 million, completely underground projects, routine maintenance, or legal restrictions. The City of Bellingham, WA and Moscow, Idaho have such a code.

3.54.020 Definitions.

A. “Artwork” has the same meaning as “work of art” as defined in CPMC [12.28.010\(10\)](#), and specifically includes ornamentation integrated into the various elements of a capital improvement project as well as distinct, independent artwork located in the vicinity of the capital improvement project.

B. “Capital improvement projects” means projects adopted in the city’s capital improvement plan.

6. Ongoing maintenance cost of the artwork.

E. “Maintenance” is the periodic work on artwork required to maintain its original functionality or appearance.
