Staff:

Mike Rizzitiello - Administrator

2. CONSENT AGENDA

Subject : 2.01 Approve Agenda for 2/17/2021
Meeting : Feb 17, 2021 - College Place Youth Advisory
Commission - Electronic Meeting
Category : 2. CONSENT AGENDA
Access : Public
Type : Action (Consent)

Consent

Our adopted rules of Parliamentary Procedure, The Standard Code of Parliamentary Procedure by Alice Sturgis, 4th Edition, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.

Subject : 2.02 Approve Minutes from 1/20/2021
Meeting : Feb 17, 2021 - College Place Youth Advisory
Commission - Electronic Meeting
Category : 2. CONSENT AGENDA
Access : Public

The 4th cohort of the Walla Walla Valley Microbusiness Assistance Program is now open. The City pursued and received a \$120,000 State Community Development Block Grant to pay for an additional 12 seats into this program for College Place residents. The application due date is February 16th, 2021 at 5 PM. The website is located here: <https://www.mercycorpsnw.org/business/loans/wallawalla-ida/>

SAVE: Individual Development Accounts (IDA) matched-savings grants operate on an 8:1 match ratio. Every dollar you save will be matched with \$8 in grant money up to \$4,000. The length of time you save is 6 months, at a savings rate of \$84 per month.

TRAIN: Complete required hours of business training or other technical assistance such as credit counseling, financial literacy, and tax preparation.

College Place Youth Advisory Commission (Wednesday, January 20, 2021)

Generated by Carolyn Holm on Wednesday, January 20, 2021

1. OPENING ITEMS

1.01 Call To Order

Chair Eli Stanciu Jr. called the meeting to order at 4:01 PM.

1.02 Roll Call

PRESENT:

Commission
Members

Eli Stanciu Jr. – Chair, Walla Walla Valley Academy representative;
Audrey Reeves – College Place High School representative;
Mayra Campa – College Place High School representative;
Savannah Rose Walker – Walla Walla University representative;
Joshua Penado – Walla Walla University representative

Staff

City Administrator, Mike Rizzitiello
Deputy City Clerk, Carolyn Holm;

ALSO PRESENT: Police Chief Troy Tomaras

MEMBERS EXCUSED: Audrey Reeves- College Place High School Representative

2. CONSENT AGENDA

2.01 Approve Agenda for 1/20/20

2.02 Approve Minutes from 11/18/2020

2.03 Approve Consent Agenda

Member Stanciu Jr. made a motion to approve the consent agenda as presented. Second by Member Campa and the motion passed 3-0.

Member Walker arrived at 4:04 PM

3. PRESENTATIONS

None.

4. ACTION ITEMS

None.

5. REPORTS

5.01 Policing/Body Cams/8 Can't Wait - Chief Tomaras

Chief Tomaras reviewed the College Place Police Department organization chart, Mission, Vision, Values and Goals, and accreditation's they have earned. In addition, 8 Can't Wait was reviewed in detail.

5.02 CP Activities input

The City would like to solicit input regarding CP activities such as the 75th Anniversary celebration, Farmers Market, and other socially distant activities. We could have the 75th Anniversary celebration combined with Freedom Festival on Sunday, June 27th or we could add the 75th Anniversary celebration to a farmers market day. Members were in agreement to have the 75th Anniversary at Freedom Festival. A suggestion was made to hold an Art Walk.

6. CLOSING ITEMS

6.01 Adjourn- Next scheduled meeting is Wednesday, February 17, 2020 at 4 PM

Member Stanciu Jr. made a motion to adjourn the meeting at 4:52 PM. Second by Member Penado.

Approved:

Eli Stanciu Jr.- Chair

Attest:

Carolyn Holm – Deputy City
Clerk

The foregoing minutes are the official record of the Youth Advisory Commission meeting that occurred January 20, 2021. Further detail may be obtained by reviewing the actual audio recording made during this session.

Walla Walla County Moved to Phase 2

Reminder to Stay Home, Stay Healthy, Keep our Community Safe

WALLA WALLA, WA – In a letter from the Washington State Department of Health (DOH) dated February 14, 2021, Walla Walla County was informed of an update to the South Central Region phase status. According to the letter, “after the region did not move to Phase 2 last week, it was brought to the attention of the Washington State Department of Health (DOH) that a hospital in the region appeared to be incorrectly reporting its hospital admission data. Subsequently, DOH began working with the facility to review the submitted COVID-19 hospital admission data and confirmed that the facility was entering information incorrectly.”

Based upon the re-calculated hospital admission metric, DOH concluded that the region meets the required criteria and will advance to Phase 2 of the Governor’s [Roadmap to Recovery](#), effective today, February 14, 2021.

“I would like to thank everyone in Walla Walla County including our Department of Community Health, our partners in the South Central Region, other agencies and personnel who worked tirelessly to make it possible for us to move to Phase 2,” said Walla Walla County Commissioner Greg Tompkins,

The DOH letter is attached for reference. For the latest COVID information, please watch our [website](#), and text COVIDWW to 888777.

###

Always working for a safer, healthier and thriving Walla Walla County

STATE OF WASHINGTON
DEPARTMENT OF HEALTH

PO Box 47901 • Olympia, Washington 98504-7901
Tel: (360) 236-4500 • FAX: (360) 586-2655 • TDD Relay Service: 711

February 14, 2021

South Central Region Public Health Leadership,

The purpose of this letter is to inform you of an update to your phase status. After the region did not move to Phase 2 last week, it was brought to the attention of the Washington State Department of Health (DOH) that a hospital in the region appeared to be incorrectly reporting its hospital admission data. Subsequently, DOH began working with the facility to review the submitted COVID-19 hospital admission data and confirmed that the facility was entering information incorrectly.

Utilizing the facility's updated information, the region's hospital admission metric was re-calculated and DOH concluded the region did meet the required metric criteria and will now advance to Phase 2 effective February 14, 2021. The Roadmap to Recovery dashboard will be updated with this information on Tuesday.

Your regional metrics as of February 14, 2021 are as follows:

Metric:		Trend in 14-day rate of COVID-19 cases per 100K population	Trend in 14-day rate of new COVID-19 hospital admissions per 100K population	Average 7-day percent of ICU staffed bed occupancy	7-day percent of positive COVID-19 tests
Time period:		2021-01-03 to 2021-01-16 vs. 2021-01-17 to 2021-01-30	2021-01-10 to 2021-01-23 vs. 2021-01-24 to 2021-02-06	2021-01-31 to 2021-02-06	2021-01-17 to 2021-01-23
South Central Region	Phase 2	-41%	-19%	86%	14%

Please visit [Governor Inslee's website](#) to learn which activities are permitted in your current phase. You can also refer to the most current [Healthy Washington – Roadmap to Recovery report](#), which includes details on how these metrics are calculated. If you have any questions about these activities or need technical assistance, please email CovidExternalAffairs@doh.wa.gov.

The Department of Health will reassess the metrics every two weeks and will inform you of any changes to your current phase status. The [COVID-19 reopening dashboard](#) displays a summary map and table. As a reminder, three of the four metrics must be met in order to move forward from Phase 1 to Phase 2. In

order to remain in Phase 2, a region must continue to meet at least three of the four metrics. If your region is in Phase 2 and no longer meets two or more of the metrics, you will move back to Phase 1.

Thank you for your continued partnership and dedication to public health.

Lacy M. Fehrenbach, MPH, CPH

Deputy Secretary

COVID-19 Response

Healthy Washington

Roadmap to Recovery

ISSUED BY THE OFFICE OF THE GOVERNOR | February 14, 2021

Healthy Washington - Roadmap to Recovery

Regional Approach

Effective January 11, 2021, the State of Washington is launching Healthy Washington – Roadmap to Recovery which will use a regional approach for its upcoming phased recovery plan. These regions are largely based on the Emergency Medical Services (EMS) regions used for evaluating healthcare services given the concern for COVID-19's potential impact on the healthcare system. There will be eight regions in Washington that fall along county lines. Most regions in Washington have four or more counties. These regions are designed based on the available health care services in the area which has a strong connection to the metrics we will be using for COVID-19 hospitalizations, case data, and general mobility of individuals.

Metrics

Starting on January 11, the regions outlined above will begin in Phase 1 of the Healthy Washington plan. The Washington State Department of Health (DOH) will notify the local health jurisdictions (LHJs) within a region once they have met the criteria to move into Phase 2.

Every other Friday, DOH will update the Healthy Washington – Roadmap to Recovery dashboard with the latest data and region phase designations. A region may move into a new phase (forward or backward) if their metrics meet the criteria using the most recent complete data. This move will take effect the Monday after the dashboard is updated.

In the Roadmap to Recovery, there are four metrics in total – two metrics that measure community disease levels (i.e., trends in case rates, test positivity) and two that measure health system capacity (i.e., trends in COVID-19 hospital admission rates , ICU occupancy).

Three of the four metrics must be met in order to move forward from Phase 1 to Phase 2.

- Decreasing trend in 14-day rate of new COVID-19 cases per 100K population;
- Decreasing trend in 14-day rate of new COVID-19 hospital admissions per 100K population;
- Average 7-day percent occupancy of ICU staffed beds less than 90%; and,
- 7-day percent positivity of COVID-19 tests less than 10%

In order to remain in Phase 2, a region must continue meeting at least three of these four metrics.

- Decreasing or flat trend in 14-day rate of new COVID-19 cases per 100K population;
- Decreasing or flat trend in 14-day rate of new COVID-19 hospital admissions per 100K population;
- Average 7-day percent occupancy of ICU staffed beds less than 90%; and,
- 7-day percent positivity of COVID-19 tests less than 10%

If a region in Phase 2 regresses and no longer meets any three or more of the metrics, the region – including all the counties within – will move back to Phase 1 on the following Monday.

In sum, a region that meets three or four of the Phase 2 metrics will remain in phase 2. A region that meets zero, or only one or two of the Phase 2 metrics will move back to phase 1.

Additional details about metrics data sources, calculations, and reporting appear in Appendix 1.

While every effort has been made to advance clear and simple metrics, DOH and the LHJs within the regions reserve the right to move a region backward (e.g., from Phase 2 to Phase 1) outside of these planned metrics in situations where rapid COVID-19 spread requires more immediate action.

Phases

The State of Washington will begin the Healthy Washington – Roadmap to Recovery plan with only two phases while it continues to assess the evolving pandemic. Additional phases may be added in the future as the impact of continued vaccine distribution and other changes in COVID-19 response require.

Below are metrics and placement (as of February 14). Updated metrics will be available [here](#) through DOH.

Increasing or High
 Flattening
 Decreasing or Low

	Puget Sound	East	North	North Central	Northwest	South Central	Southwest	West
Phase as of 02/14/2021	Phase 2	Phase 2	Phase 2	Phase 2	Phase 2	Phase 2	Phase 2	Phase 2

(6) Low is less than 10%, high is 10% or more

Healthy Washington - Roadmap to Recovery

Activities	Phase 1	Phase 2
Social and At-Home Gathering Size — Indoor	Prohibited	Max of 5 people from outside your household, limit 2 households
Social and At-Home Gathering Size — Outdoor	Max of 10 people from outside your household, limit 2 households	Max of 15 people from outside your household, limit 2 households
Worship Services	Indoor maximum 25% capacity	Indoor maximum 25% capacity
Retail Stores (includes farmers' markets, grocery and convenience stores, pharmacies)	Maximum 25% of capacity, encourage curbside pick-up	Maximum 25% of capacity, encourage curbside pick-up
Professional Services	Remote work strongly encouraged, 25% capacity otherwise.	Remote work strongly encouraged, 25% capacity otherwise.
Personal Services	Indoor maximum 25% capacity.	Indoor maximum 25% capacity.
Eating and Drinking Establishments (establishments only serving individuals 21+ and no food remain closed)	Indoor dining prohibited. Outdoor or open-air dining, end alcohol service/delivery at 11PM, max 6 per table, limit 2 households per table	Indoor dining available 25% capacity, end alcohol service/delivery at 11PM. Outdoor or open-air dining available, max 6 per table, limit 2 households per table
Weddings and Funerals	Ceremonies are limited to a total of no more than 30 people. Indoor receptions, wakes, or similar gatherings in conjunction with such ceremonies are prohibited.	Ceremonies and indoor receptions, wakes, or similar gatherings in conjunction with such ceremonies are permitted and must follow the appropriate venue requirements. If food or drinks are served, eating and drinking requirements apply. Dancing is prohibited.
Indoor Recreation and Fitness Establishments (includes gyms, fitness organizations, indoor recreational sports, indoor pools, indoor K-12 sports, indoor sports, indoor personal training, indoor dance, no-contact martial arts, gymnastics, climbing)	Low risk and moderate risk sports permitted for practice and training only in stable groups of no more than 5 athletes. Appointment based fitness/training; less than 1 hour sessions, no more than 1 customer/athlete per room or per 500/sq. ft. for large facilities.	Low and moderate risk sports competitions permitted (no tournaments). High risk sports permitted for practice and training. Fitness and training and indoor sports maximum 25% capacity.
Outdoor Sports and Fitness Establishments (outdoor fitness organizations, outdoor recreational sports, outdoor pools, outdoor parks and hiking trails, outdoor campsites, outdoor K-12 sports, outdoor sports, outdoor personal training, outdoor dance, outdoor motorsports)	Low and moderate risk sports permitted for practice and training only (no tournaments). Outdoor guided activities, hunting, fishing, motorsports, parks, camping, hiking, biking, running, snow sports, permitted.	Low, moderate, and high-risk sports competitions allowed (no tournaments), maximum 200 including spectators.
Indoor Entertainment Establishments (includes aquariums, indoor theaters, indoor arenas, indoor concert halls, indoor gardens, indoor museums, indoor bowling, indoor trampoline facilities, indoor cardrooms, indoor entertainment activities of any kind, indoor event spaces)	Private rentals/tours for individual households of no more than 6 people permitted. General admission prohibited.	Maximum 25% capacity or 200 people, whichever is less. If food or drinks are served, eating and drinking requirements apply.
Outdoor Entertainment Establishments (includes zoos, outdoor gardens, outdoor aquariums, outdoor theaters, outdoor stadiums, outdoor event spaces, outdoor arenas, outdoor concert venues, rodeos)	Ticketed events only: Groups of 10, limit 2 households, timed ticketing required.	Groups of 15, limit 2 households per group, maximum 200 including spectators for events.

NOTE: Live entertainment is no longer prohibited but must follow guidance above for the appropriate venue. Long-term Care facilities, professional and collegiate sports remain governed by their current guidance/proclamations separate from this plan. Not every business activity is listed. For a complete list of guidance for business activities, click [here](#).

Appendix One

Trend in 14-day rate of new COVID-19 cases per 100K population:

The Trend in 14-day rate of new COVID-19 cases per 100K population metric describes whether virus transmission is increasing, decreasing, or staying the same (referred to here as “flattening”). A case is defined as an individual with a molecular or antigen test that is positive for COVID-19. Cases are assigned to the date a specimen was collected for testing, called the specimen collection date.

This metric is calculated by dividing the number of cases with a specimen collection date in a 14-day period by the population in the region and multiplying by 100,000. The percent change is calculated by subtracting the rate during the preceding time period from the rate during the most recent time period, dividing by the rate in the preceding time period, and multiplying by 100. The direction of the trend is defined by thresholds. The thresholds for this metric are:

- Decrease: -10% or more
- Flat: between 0% to less than -10%
- Increase: More than 0%

Data from WDRS are used for this metric. Metrics are calculated using the most recent complete data for two Sunday–Saturday weeks.

Trend in 14-day rate of new COVID-19 hospital admissions per 100K population:

The Trend in 14-day rate of new COVID-19 hospital admissions per 100K population metric describes the impact on healthcare systems and whether the number of hospital admissions is increasing, decreasing, or flattening. A hospital admission is defined as an individual with confirmed COVID-19 infection who was admitted to the hospital. A hospital admission is assigned to the region of the hospital, not the region in which the individual lives. About 90% or more of Washington residents with COVID-19 in November 2020 were determined to reside in the same region as the hospital.

This metric is calculated by dividing the number of COVID-19 hospital admissions with an admission date in a 14-day period by the population in the region and multiplying by 100,000. The percent change is calculated by subtracting the rate during the preceding time period from the rate during the most recent time period, dividing by the rate in the preceding time period, and multiplying by 100. The direction of the trend is defined by thresholds. The thresholds for this metric are:

- Decrease: -10% or more
- Flat: between 0% to less than -10%
- Increase: More than 0%

Data from WA HEALTH are used for this metric. Metrics are calculated using the most recent complete data for two Sunday–Saturday weeks.

Average 7-day percent occupancy of ICU staffed beds:

The Average 7-day percent occupancy of ICU staffed beds metric describes the capacity of the healthcare system to respond to the pandemic by indicating how many beds are currently occupied by critically ill patients and thus not available to treat additional patients who may need critical care. ICU occupancy is defined as the number of staffed adult ICU beds occupied in acute care hospitals. ICU occupancy includes all patients in the ICU, not only patients with COVID-19.

This metric is calculated by dividing the number of staffed adult ICU beds occupied each day by the total number of staffed adult ICU beds available and multiplying by 100. A 7-day average is calculated by averaging the percent over the most recent 7 days. The thresholds for this metric are:

- Low: Less than 90%
- High: 90% or more

Data from WA HEALTH are used for this metric. Metrics are calculated using the most recent complete data for a single Sunday–Saturday week.

7-day percent positivity of COVID-19 tests :

The 7-day percent positive of COVID-19 tests metric describes how widespread infections are and if sufficient testing is occurring. A test is defined as a molecular test, including PCR, performed on an individual who has not previously tested positive for COVID-19 by molecular testing. Tests are assigned to the specimen collection date. Antigen and antibody tests are not included in this metric.

This metric is calculated by dividing the number of positive COVID-19 tests by the total number of tests performed in a 7-day period and multiplying by 100. The thresholds for this metric are:

- Low: Less than 10%
- High: 10% or more

Data from WDRS and the DOH negative lab dataset are used for this metric. Metrics are calculated using the most recent complete data for a single Sunday–Saturday week.

Every other week on Friday, a color-coded status will be determined for each of the four indicators, charted in a table, and mapped accordingly. To determine the status, the most recent complete data will be used.

Case Rates 14-day trend	
Decline (-10% or more)	
Flat (0% change to -10%)	
Any Increase	

Hospital Admission Rates 14-day trend	
Decline (-10% or more)	
Flat (0% change to -10%)	
Any Increase	

ICU Occupancy	
Above 90%	
Below 90%	

Percent Positivity	
Above 10%	
Below 10%

Applications for the 2021 MBA Program ARE NOW OPEN! Apply by clicking [here](https://www.mercycorpsnw.org/micro-business-assistance-mba-program-application/). (<https://www.mercycorpsnw.org/micro-business-assistance-mba-program-application/>)

Applications will close on February 16, 2021 at 5 pm PST.

SAVE

TRAIN

PLAN

BUY

SAVE: Individual Development Accounts (IDA) matched-savings grants operate on an 8:1 match ratio. Every dollar you save will be matched with \$8 in grants. You save for 6 months, at a savings rate of \$84 per month.

TRAIN: Complete required hours of business training or other technical assistance such as credit counseling, financial literacy, and tax preparation.

PLAN: Submit a business plan for approval. [Templates](https://www.mercycorpsnw.org/business/re/) (<https://www.mercycorpsnw.org/business/re/>) are available and your training will help you.

BUY: After all requirements are met, receive a \$4,000 grant for your business.

Minimum Eligibility:

- Business located within [Walla Walla County](https://www.google.com/maps/place/Walla+Walla+County,+WA/@46.2437466,-118.8437409,9.47z/data=!4m5!3m4!1s0x54a237416d5cdd97:0x2d118.5854769), (<https://www.google.com/maps/place/Walla+Walla+County,+WA/@46.2437466,-118.8437409,9.47z/data=!4m5!3m4!1s0x54a237416d5cdd97:0x2d118.5854769>) [Columbia County](https://www.google.com/maps/place/Columbia+County,+WA/@46.3119622,-118.2029654,10z/data=!3m1!4b1!4m5!3m4!1s0x54a1f79ccd9b804d:0117.814262), (<https://www.google.com/maps/place/Columbia+County,+WA/@46.3119622,-118.2029654,10z/data=!3m1!4b1!4m5!3m4!1s0x54a1f79ccd9b804d:0117.814262>), and [City of Milton Freewater](https://www.google.com/maps/place/Milton-Freewater,+OR+97862/@45.9318553,-118.4087795,14.25z/data=!4m5!3m4!1s0x54a244cbf7b67c9f:0xf7b12e68b3b9c1f18m2!3d45.9326346!4d-118.4087795) (<https://www.google.com/maps/place/Milton-Freewater,+OR+97862/@45.9318553,-118.4087795,14.25z/data=!4m5!3m4!1s0x54a244cbf7b67c9f:0xf7b12e68b3b9c1f18m2!3d45.9326346!4d-118.4087795>)
